RACE AGAINST THAW IN MAKING ASSAULT ON KEY DEFENCE POINT

Red Army Newly Threatening Approaches to Smolensk—Sixteen Districts in Area Seized—Russian Dispatches Tell of Massive Increases in Aerial Strength of Germans

MOSCOW, March 27 (Friday) (AP).—The Red Army, in a race against Spring thaws and aided by night-striking Russian guerrillas, was reported early today to be newly threatening the approaches to Smolensk, 230 miles southwest of Moscow, a key German defence point which the Nazis captured last August.

Dispatches said Soviet troops had seized sixteen districts in the Smolensk area, and thrown the Germans partly out of ten additional localities.

GUERRILLAS TAKE TOLL

The highly-organized guerrilla bands were said to have killed 4,500 Germans during January and February—long before the regular Soviet army had reached that sector in the big Winter counter-offensive.

Tonight's regular Soviet communique said that "no substantial changes took place on the front" during the day and announced a 11-6 aerial victory over the Nazis yesterday.

The Soviet air force also destroyed or damaged several German tanks, armored cars, forty-one trucks loaded with war materials, and several gun emplacements, and wrecked three locomotives and ten railway cars, a supplementary communique said.

This announcement also told of the recapture of another inhabited locality on the central front where "hundreds of enemy dead were left on the field."

(The BBC also quoted the Moscow radio as saying that the Red air force heavily bombed the remnants of the 16th Nazi Army surrounded at Staraya Russa. CBX heard the broadcast in New York.)

INCREASED STRENGTH

Massive increases in German aerial strength and multiplying Nazi counter-assaults on the ground, involving in some instances, superior German strength, were reported in Red Army dispatches from many sectors of the front.

PAY VISIT TO AIR STATIONS

King and Queen Inspect Four R.A.F. Bases—See Many Canadians

WITH THE ROYAL AIR FORCE SOMEWHERE IN ENGLAND, March 26 (CP).—The King and Queen paid a surprise visit to four Royal Air Force bomber stations in Northern England recently and found so many Canadians among the air crews that the Queen remarked: "It's just a little corner of Canada." Security reasons prevented earlier release of details of the Royal visit.

Canadians formed a large part of the flying personnel at each station. During a visit to the fourth station where air crews were drawn up in long lines outside the great Halifax bomber hangars the Queen noticed many airmen wearing "Canada" shoulder badges.

LIKE PART OF CANADA

She stopped before Sgt. C. J. Hayes, Toronto air gunner, and told him the airdrome seemed like a part of Canada.

"There are plenty of us over here," Hayes assured Her Majesty as he stepped forward and saluted smartly, "and there are plenty more coming."

"I can believe that," said the Queen, shaking hands with Hayes. "I've seen so many Canadians today."

Among Canadians inspected at this station was P.O. R. G. Lane, Victoria.

DRAMATIC WELCOME

There was a dramatic welcome when the Royal party arrived at one of the stations. A group of Whitley

THIRTY-ONE DIE IN BIG BLAST

Premature Dynamite Explosion Does Damage Over Large Area in U.S.

EASTON, Pa., March 26 (CP).—Thirty-one men were blown to bits today by an earth-shaking, premature explosion of twenty tons of dynamite in a limestone quarry of the Lehigh Portland Cement Company on the banks of the Delaware River five miles north of Easton.

So terrific was the concussion that it was felt fifty miles away. Hardly a house or building for miles around escaped damage. Many persons were injured, including a dozen children cut by broken glass in a grade school half a mile from the scene.

FEAR HIGHER TOLL

Tonight investigators continued to search the area, fearful the death toll would rise still higher.

The explosive had been assembled on the rim of the pit in preparation for blasting away an entire side. During a lull in operations some of the workers opened their lunch boxes for a mid-morning snack in the Spring sunshine. Then suddenly the blast let go.

Windows were shattered in homes in Bethlehem and Allentown, seventeen miles away.

Sixteen workers in the bottom of the pit, 190 feet below the rim, escaped injury.

Blasts Heard Off Coast of New Jersey

ATLANTIC CITY, N.J., March 26 (AP).—Three heavy detonations were heard off the coast tonight and some persons said they thought they saw flames.

The first explosion was heard at 4:30 p.m., the second at 10:30 and the last at midnight.

William Climson, night watchman at the half-mile long steel pier, heard the last blast, but reported he saw nothing at sea.

Atlantic city police said nothing was visible from shore.

MALTA RECEIVES INTENSE BOMBING

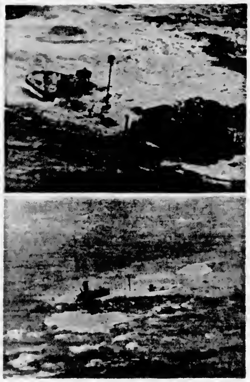

Assault Continues for Hours Despite Heavy Losses—Some Civilian Damage Done

VALETTA, Malta, March 26 (CP).—German bombers hammered the harbor all day long today in a series of intense attacks and despite heavy losses still were pounding away tonight as the daily communique was issued.

The communique described the assault as being as intense as that made upon the aircraft carrier Illustrious more than a year ago said the R.A.F. fighters swarmed up to meet the attackers and destroyed four bombers, probably destroyed another and damaged at least four.

Some civilian damage was done and a few civilians were killed and wounded tonight's communique said, concluding: "a raid is still in progress."

Ship Lost on Eastern Reef

BATTERED by heavy seas, the grounded after section of an Allied merchant freighter lies grounded on the reefs off Sable Island, Nova Scotia. In a daring exploit of seamanship and at the cost of one navy man's life, thirty-eight seamen were rescued from the wreck. Before these photographs were taken by a patrol plane of the R.C.A.F., the forward part of the ship had broken away, carrying ten men to their death in the icy waters. The upper photo was taken before the rescue. Below, the abandoned ship is shown barely visible above the surging waters.

Cautious While Foreseeing Near Turn for Better

Prime Minister Churchill Warns Against Failure to Use Combined Strength and Multiplying Opportunities—Makes Earnest Plea for Unity in Numerous and Fearful Problems

LONDON, March 26 (CP).—The price of survival was "blood, sweat and tears" less than two years ago when Winston Churchill became Prime Minister. The price was no lower today for it. Addressing the Central Council of the National Union of Conservative and Unionist Associations, he put it this way:

"It now seems very likely we and our Allies cannot lose this war and with it all that makes life worth living except through our own fault or their own fault, our own failure to use our combined strength, overwhelming strength when fully mobilized, and to use the multiplying opportunities which, as the months pass by, will present themselves to us."

MEASURED CAUTION

Mr. Churchill foresaw with measured caution a turn for the better in the course of the war and called earnestly upon Britons for a rigid stock-taking to make sure that our fellow countrymen and our Allies have the best service from us that we can give.

His speech was an earnest plea for unity of both Britons and United Nations and it included the unequivocal statement that he would stamp on propaganda calculated "to disturb the army or weaken the confidence of the country and the armed forces in the qualities and character of our devoted corps of officers."

His prediction of a turn in the

SINKING U-BOAT PURE ACCIDENT

American Freighter Runs Down Submarine in Darkness of Night

NEW ORLEANS, March 26 (AP).—The United States Navy tonight announced that an American freighter on February 18 ran down and sank what presumably was an enemy submarine in the Caribbean and that despite an intensive ten-hour search, no survivors were found.

Lieut.-Commander Henry Johnson, United States Naval Reserve, captain of the ship, said that in darkness and late at night his ship sighted a form ahead twenty seconds before the collision. There was a light flashed from the object which was partly submerged.

The freighter then crashed into the object head on with a heavy jolt and passed over it. Before the ship could turn about members of the crew heard a heavy explosion, presumably of a torpedo, and heard screams. Two men were believed sighted in the water.

The freighter returned to the spot and spent ten hours searching for survivors. None was found. The ship proceeded on its course, arriving here recently. Repairs were made and the ship will return to service.

Johnson said the running down of the submarine was a pure accident. His ship was running without lights at the time.

Chinese Isolated at Toungoo, But Defence Lines Remain Firm

Repeated Attacks Over Thirty-Six Hours Fail to Pierce Outer Lines—Japanese Using Parachute Troops—Burma Situation Is Worsening

NEW DELHI, India, March 26 (AP).—Ringed completely and attacked time after time for thirty-six hours, the Chinese forces at Toungoo, isolated left anchor of the Allied Central Burma line, held even their outer defences intact tonight against Japanese pressing from all sides.

The invaders had by passed Toungoo on the Eastern Rangoon-Mandalay road then Kyungon twelve miles to the north, and still held the Toungoo airdrome, eight miles above the city, but still they could not budge the entrenched Chinese about Toungoo itself.

On the other main road to Central Burma, the Irrawaddy Valley route to Prome and the oil fields, 140 miles farther north, the Japanese were moving in force peppering the country ahead of them with parachute troops dropped from the skies to organize Burmese fifth columnists.

One large mixed enemy force was forty miles south of Prome, another some twenty-five miles behind it.

ARMORED CARS ARE FORCED TO WITHDRAW

CAIRO, Egypt, March 26 (AP).—Despite the sandstorm blowing in Libya "considerable enemy mechanized transport movements were reported in areas south of Timimi and north of Mechili yesterday," British general headquarters announced today.

"Our armored cars were shelled in the Aleima area," said the communique. "Later in the day some enemy armored cars were forced to withdraw from a position slightly north of Al Ktima."

His Majesty Will Be Heard in Broadcast Saturday Afternoon

LONDON, March 26 (CP).—The King will broadcast at 9 p.m. (1 p.m., P.D.T.) Saturday, in connection with the national day of prayer which is being observed on Sunday. The address will be carried over the Canadian Broadcasting Corporation network and will be heard over CBR, Vancouver.

WIN OR DIE SAYS LEADER

Gen. MacArthur Pledges Full Power of U.S. in Crusade For Freedom

CANBERRA, March 27 (Friday) (AP).—Aircraft of the United Nations raided Koepang, Japanese base in Dutch Timor, yesterday, attacking shipping in the harbor, Prime Minister John Curtin said today in a communique.

CANBERRA, Australia, March 26 (AP).—In a khaki blouse devoid of medals or even the insignia of rank, Gen. Douglas MacArthur stood before the leaders of Australia tonight and pledged the blood and power of the United States to an unremitting crusade for freedom.

Speaking at a dinner in his honor at Parliament House, the commander of the United Nations forces in the South Pacific made his vow and bound up the destinies of Australia and the United States in these crisp, fervid sentences:

"There is a link that binds our countries together which does not depend upon a written protocol, upon treaties of alliance or upon diplomatic doctrine. It goes deeper than that. It is that indescribable consanguinity of race which causes us to have the same aspirations, the same hopes and desires, the same

NEGOTIATING IN BALKAN STATES

Germany Engaged in Diplomatic Drive as Prelude to Spring Offensive

BERNE, March 26 (AP).—Germany was reported tonight to be pushing a three-way diplomatic drive to smooth the differences which she herself instigated among her Balkan satellites, to bring Bulgaria into war against Russia and to manoeuvre Turkey into a position where the Turks will not hinder a Nazi Spring smash toward the Caucasus and its oil.

Political circles in Berlin suggested that King Boris of Bulgaria, en route home after a talk with Hitler, might renounce his old East Thracian aspirations if this would accomplish a Turkish attitude favorable to the Axis.

King Boris was taking home requests that were virtually certain to arouse stormy discussion among his people who, as the Basel National Zeitung put it, generally have given the impression of willingness to fight anybody except the Russians.

TURKEY RECALLS ENVOYS

Turkey, according to an Istanbul report printed by Il Giornale d'Italia in Rome, recalled her ambassadors to both Moscow and the Nazi-Fascist capitals to discuss the immediate political-military future of Southeastern Europe.

Meanwhile Dr. Carl Clodius, Hitler's economic trouble-shooter, hurried to Bucharest and saw Acting Premier Michael Antonescu to talk over the situation created by the new Rumanian outcry for return of the large slice of Transylvania which Germany awarded to Hungary in 1940.

Clearly Germany's main objective is Balkan men for an offensive which some neutral dispatches from Germany said, has fallen several weeks behind schedule because of the unusually long Winter and the difficulties of supply and transport.

Both Hungary and Rumania want to keep their men at home in case their own dispute flares into battle.

President of Philippines In Australia

SAN FRANCISCO, March 26 (AP).—The Melbourne radio was heard by the Columbia Broadcasting System short-wave listening station here tonight announcing that Manuel Quezon, President of the Philippine Commonwealth, his war staff and family are safe in Australia with Gen. Douglas MacArthur.

The Melbourne announcer broke into a programme of music to make the announcement as a "flash." It was repeated twice.

ROYAL AIR FORCE IN SMASHING ATTACKS ON RUHR VALLEY AND SPECTACULAR AERIAL BATTLES

Three Hundred Bombers Take Part in Assault on German Targets—Thirty Nazi Planes Shot Down or Damaged in Raids on Malta—Violent Engagement Over Channel

LONDON, March 27 (Friday) (AP).—The Royal Air Force raided German territory for the second successive night last night, it was announced today.

LONDON, March 26 (CP).—The Royal Air Force at dusk tonight completed thirty-six hours of the heaviest and most successful fighting it has ever had outside England, spreading its work in attack and defence from Western Germany to the British Mediterranean stronghold of Malta.

Taking quick advantage of a sudden improvement in the weather, hundreds of bombers blasted the industrial Ruhr Valley last night in one of the heaviest attacks yet made on Germany and they flew also over France and scouted Italy. Many Canadians were in the force that attacked the Ruhr and St. Nazaire, Nazi submarine base on the French coast.

Tonight hundreds of persons in one English town saw a German bomber spin to earth in flames during a short raid and another Nazi bomber was reported to have crashed in sporadic raids over the island.

In the French raid swarms of Nazi fighter planes which attempted to intercept the heavily-laden R.A.F. bombers were routed by a fighter wing led by Group Captain F. V. Beamish, one of the R.A.F.'s "four flying Beamishes."

ADDS SEVEN TO BAG

The wing destroyed seven aircraft and brought its total bag since the start of the war to 450. Beamish himself scored two victories, almost crashing into a cliff on the French coast before destroying the second enemy plane.

"As the Hun was going straight down," he said, "my wing commander shouted there was another on my tail. I pulled up and just missed the top of the cliff."

From Europe Day by Day—

THE TIMES, London

News and Comment on International Events selected from The Times daily and published in The Daily Colonist by special arrangement with The Vancouver Daily Province

(Copyright, 1942, by Southam Co.)

LONDON, March 26 (By Cable).—The Japanese have struck further blows in their westward drive towards India, says The Times military correspondent. Serious fighting is occurring on the Toungoo front where Chinese are seeking to dislodge the invaders from airdromes. The Allied position here has been outflanked and the road to Mandalay to the north has been cut in several places. Evacuation of the Andaman Islands could not have been avoided because of their proximity to Japanese air bases in Siam and Malaya. Unless the Andamans could have been defended on the same scale as Malta they could hardly have been held. Their loss represents a hostile move in the direction of India and Ceylon but as yet this is less serious danger than that threatening India from Burma.

There is no trust in the Axis claim of the capture of Port Moresby which is giving the Japanese more trouble than they expected. They evidently fear it will be used as an Allied base against them. The Times Canberra correspondent says that the Australian Government's view is that both Australia and India must be held as two pivots around which the whole Allied position in the Pacific and Eastern Asia can revolve. Forecasts of Australia's function as a base for an early offensive against Japan, according to Premier Curtin, must not exaggerate the speed with which preparations could be made to drive Japan out of the Southwestern Pacific. The Commonwealth has first to accumulate all available resources.

As for Australia turning to the United States for help, there is nothing political in this. It is merely that swifter aid can be given from the United States than from the United Kingdom. London and Washington, says The Times, are not competitive but collaborative in their approach to all questions of mutual defence and offence. As for the selection of Mr. Casey by Premier Churchill for the War Cabinet, The Times Washington correspondent says some writers in the United States are talking of "open conflict" in Anglo-American relations. Actually neither London nor Washington finds any cause of complaint whatever.

Dealing editorially with the magnificent victory of the British light cruisers and destroyers over the Italian battle fleet and Axis aircraft in the Mediterranean, The Times says it is further clear evidence of the ascendancy of British sea gunnery and further proof of the navy's wonderful fighting spirit. The enemy had everything in their favor yet the Italians retired from battle and the British convoy got through safely. British seamanship was brilliant throughout.

MUST TAKE OFFENSIVE

Poland's Prime Minister Urges Opening of Second European Front

WASHINGTON, March 26 (CP).—A second European front, to be opened when the Germans and Russians start their Spring offensives was urged here today by Gen. Wladyslaw Sikorski, Prime Minister of Poland.

At the same time he warned that a second front should not be opened until all preparations have been made because defeat would be serious and small-scale operations almost useless.

Here to interview President Roosevelt before leaving tonight for Ottawa for conferences with Prime Minister Mackenzie King, Gen. Sikorski at a press conference urged increased help for Russia and announced that Premier Stalin had told him in Moscow that Poland must be bigger and stronger than before the war.

RENEWING FRIENDSHIPS

Gen. Sikorski will spend a day and a half in Ottawa before returning to Britain, where Poland has many thousands of troops. He said his trip to Ottawa was to renew friendships there and to discuss general topics of mutual interest.

The Polish general, who spoke through an interpreter, said it was vital for the United Nations to win the initiative and take the offensive in order to end the war. There was only one front, the world front, and Russia should be included.

Russia, he said, is preparing to meet a strong German attack in the Spring. It probably will be a different campaign from the one launched in June, 1941, when the German attack in three main directions, against Leningrad, Moscow and Rostov. This year the Germans are likely to concentrate in the south, in the Crimea, for a drive

Coast Guard Cutter Sunk By Shellfire

WASHINGTON, March 26 (AP).—The United States Navy announced today that the Coast Guard cutter Acacia was recently shelled and sunk in the Caribbean area presumably by an enemy submarine and that all aboard were rescued.

The cutter was described in a communique reporting the sinking as "a small unarmed ship of the tender class which was used to provide services to aids to navigation."

SAYS CENSORSHIP TO BE STRICTER

Action Taken by British Minister Affects Press Dispatches Leaving Britain

LONDON, March 26 (CP).—Brendan Bracken, Minister of Information, announced today there will be stricter censorship on press dispatches leaving Great Britain. He was speaking in the House of Commons.

He said this action is being taken in response to concern in some quarters over allegedly "irresponsible and exaggerated messages" sent from London in recent weeks.

"There is no intention whatever of preventing criticism. What I have to do is to stop distortion of our war effort here, which has caused consternation in some of our Dominions, upset our friends everywhere and has been eminently useful to Dr. Goebbels," he said.

BRAZIL FINDS BIG SPY RING

German Admiral Arrested—Many Undercover Agents Taken Into Custody

RIO DE JANEIRO, March 26 (AP).—Police Chief Filinto Muller announced tonight that a "gigantic" Nazi spy ring centring in Rio de Janeiro had been smashed with the arrest of 200 operatives, including a "German admiral," and the seizure of four powerful secret radio stations.

The official report charged that the Nazis had been using this capital as a world clearing house for espionage.

It declared that war secrets from the United States, Britain and many other nations had been spirited here in complete detail.

SENT TO GERMANY

"The information from various sources was assembled and assayed here and the most important conclusions and deductions were forwarded to Germany," the official report said.

The wholesale arrest of a derement of agents necessitated the opening of a new concentration camp. It was established on Flores Island in Rio harbor.

Local jails already were overcrowded with "more than a hundred" Axis spies taken in the accelerating drive on fifth columnists in Brazil which broke relations with the Axis Powers late in January and since has lost four or more ships to Axis torpedoes in the Atlantic.

The spy ring was described as principally active in reporting ship movements and military activities.

Enlistment Rules of Reserve Army to Be Eased, Says Ralston

Married Men Between Thirty and Thirty-Five Will Be Accepted—Age Class for Compulsory Call May Be Increased

OTTAWA, March 26 (CP).—Married men between thirty and thirty-five years of age will be permitted to enlist in the reserve army under an order just being issued, Defence Minister Ralston told the House of Commons tonight.

For some time past enlistments in the Reserve Army have been limited to men under nineteen years of age and between thirty-five and fifty years. The minimum age for men in the latter class who are single will still be thirty-five years, on the theory that men under that age should serve in the Active Army.

Col. Ralston made the announcement in discussing army matters on the $3,000,000,000 war appropriation bill for the new fiscal year.

MAKING READY TO ATTACK TURKEY

German Troops Reported Concentrating in Bulgaria and Greece In Large Numbers

JERUSALEM, March 26 (CP).—All German troops available in all the Balkan countries have been concentrated in Bulgaria and Greece, where the Germans are "feverishly preparing to attack Turkey the beginning of April," reputedly well-informed Balkan circles reported tonight.

Hitler even has recalled the last three German divisions which had been kept in Yugoslavia for a year and has dispatched them to Turkish borders, these sources said.

It was reported further that Hitler had compelled the Croatian Government to call all classes from 1887 to 1912 to the colors tomorrow, ordering death as the penalty for disobeying the conscription call.

First Defence Corps Unit to Be Organized In Saanich District

Recruiting Meetings to Be Held Soon—Persons Not Eligible for Active or Reserve Forces May Join—To Aid in Protection of Vital Areas

THE organization of Auxiliary Defence Corps units in the Saanich Peninsula has been authorized and public recruitings will be held soon, Lieut.-Col. H. Lee-Wright announced yesterday.

These units, it is understood, are the first being formed in the Pacific Coast area, in accordance with plans recently announced by Major-General R. O. Alexander, G.O.C.-in-Chief, Pacific Command, to establish a civilian corps to assist in the defence of vital areas.

Authority was granted to a committee recently elected with Colonel Lee-Wright as acting chairman. Units will be formed in that part of the peninsula lying north of Elk and Prospect Lakes, and including the islands lying west of Haro Strait and south of Shute Pass. The units will be officered locally, subject to the supervision of the G.O.C., Pacific Command.

WILL BE DISTINCT CORPS

"The organization of this corps will not in any way conflict with the organization of the Canadian active army or the reserve force, and units will be separate and distinct from the area A.R.P. organization," Colonel Lee-Wright explained.

Only persons who cannot enlist in the active force, or reasonably serve in the reserve force, should enroll. A medical examination will not be necessary and there will be no age limit, but ability to carry out required duties will be a necessary condition of service, it is pointed out.

Duties of members will not conflict with normal civil employment except when they are called out in emergency. By being members of the reserve militia, members will, under International Convention, be legitimate members of the defence forces of Canada when called out on active service.

When thus called out they will be entitled to the same pay and allowances as the active militia. A man may claim his discharge after thirty days' notice in writing, except when called out on active service.

ON COMPANY BASIS

Units will be organized on a company basis, about a hundred strong, and subdivided into detachments, sections and patrols in conformity with residential areas. They will be formed pursuant to Section 14 (3) of the Militia Act and the regulations contained in King's Regulations (Canada) Appendix X. All members will be required to take the oath of allegiance before a justice of the peace or a field officer of the Canadian Army.

"Men who have given in their names will be sent duplicate enrollment forms, which they are requested to complete and return to the organizing committee," Colonel Lee-Wright explained. "The address is the Saanich Peninsula Auxiliary Defence Corps, Dominion Experimental Station, East Saanich Road.

APPLY TO COMMITTEE

"The forms include the oath of allegiance, which must be subscribed and taken as directed. Citizens of the area who have already submitted their names and who wish to enroll are requested to apply to the above committee by mail or in person for the necessary forms.

"A copy of the official memorandum constituting the corps and embodying the conditions of service may be seen by applicants for enrollment at committee headquarters or on application to any committee member," the acting chairman said.

The Government will supply arms, ammunition, steel helmets, armbands, gas masks and certain other items as supplies become available, and consideration will be given later to the supplying of uniforms.

R.A.F. IN SMASHING ATTACKS AND BATTLES

Continued from Page 1

Many photographs were taken over the Ruhr, the Air Ministry said, and confirmed reports of our crews on the results achieved in recent raids. It mentioned particularly a heavy assault on Cologne the night of March 13—the last before bad weather kept the R.A.F.'s big bombers grounded.

BATTLE OVER MALTA

Perhaps the most sensational air battle ever fought over Malta took place yesterday, the Air Ministry announced, when the R.A.F. destroyed or damaged thirty German dive bombers—at least half of the attacking Nazi force.

Spitfires and Hurricanes shot up from their stations as the German planes approached from Sicily and wrought terrific havoc. The Air Ministry estimated that at least half of the raiders did not return home.

Three Nazi planes were destroyed, six probably destroyed and eight seriously damaged. The total of thirty was reached by adding thirteen dive bombers that crashed into the sea.

But our pilots were so outnumbered and so busily engaged in combat that they had no time to follow each of their adversaries down, the ministry explained.

This big Nazi raid was directed at a ship lying off the coast. After the first assault had been broken up a fresh squadron came over for a crack at shipping in Valetta Harbor. So hot was the anti-aircraft fire that the squadron went home without causing damage.

This afternoon flyers of the Bomber Command escorted by fighters attacked enemy shipping at the German-held French port of Le Havre. Eight German fighters were shot down in this sweep, with two British losses.

In the night flights the foray over Italy, attacks on the German held French coast and mine-laying flights over enemy water, a total of thirteen British bombers was lost.

VICHY, March 26 (AP).—The Royal Air Force again warned Paris last night during an hour and a half pamphlet raid that it would return to bomb other French factories working for the Germans.

Pamphlets dropped during an alert which lasted from 11 p.m. to 12.30 a.m. said in effect: We already have bombed the Renault plant ... we will bomb other plants working for the Germans.

By daylight yesterday the R.A.F. bombed a shipbuilding yard at Trait on the Seine River, near Rouen.

FIRE IS DESTRUCTIVE

EDMONTON, March 26 (CP).—Destroying some photographs and equipment, fire of unknown origin partially gutted the photographic section of No. 2 Air Observer School, R.C.A.F., here today. Damage could not be estimated.

CAUTIOUS WHILE PREDICTING TURN

Continued from Page 1

tide of misfortune was qualified with acknowledgment that the battle of the Atlantic for the time being "has worsened again" and a sombre assurance that there will be much more trouble. But he added:

"This I will venture to say: Just as last year I warned you that you could not expect to have successes unchequered by reverses, so now in 1942 we need not expect to have reverses unrelieved by successes."

A WORD PICTURE

He gave this word picture of the war and of the task it sets:

"Its numerous and fearful problems reach down to the very foundations of human society. Its scope is world-wide and it involves all nations—every man, woman and child in them.

"Strategy and economics are interwoven. Sea, land and air are but a single service. The latest refinements of science are linked with the cruelty of the stone age.

"Workshop and fighting line are one. All may fall, all will stand together. We must aid each other. We must stand by each other."

Mr. Churchill said: "A year almost to the day has passed since I addressed you here. We had then made our great recovery after the collapse of France.

"But perhaps you remember that I went out of my way to warn you we should not expect to have successes unchequered by reverses. Since then we have had an almost unbroken series of military misfortunes.

"The Battle of the Atlantic upon which all the time our power to live and carry on the war effort depends, after turning markedly in our favor for five or six months, is now for the time being—and only for the time being—worsened again.

"I cannot offer this morning any guarantee that we are at the end of our misfortunes.

IN DEADLY GRAPPLE

"We are engaged in a deadly grapple with two heavily armed opponents, both of whom have been preparing for years and bending their whole national life to fulfilment of the gospel of war.

"In such a situation it would be foolish for us not to be prepared for further heavy blows, and I am not here to speak smooth words or to make cheering promises. But this I will venture to say:

"That just as last year I warned you that you could not expect to have successes unchequered by reverses, so now in 1942 we need not expect to have reverses unrelieved by successes.

ENORMOUS IMPROVEMENT

"When we look back over the sombre year that has passed and forward to the many trials that lie before us, no one can doubt for a moment the enormous improvement in our war position.

"Whereas a year ago all we could do was to fight stubbornly and doggedly on as we had done when we were alone in former wars—and not without ultimate success—we have now at our side mighty allies.

"Whereas last year it was impossible to state any definite method by which we should come out victorious except our confidence that would be the end, it now seems very likely we and our allies ... cannot lose this war and with it all that makes life worth living, except through our own fault or their own fault, our own failure to use our combined strength, overwhelming strength when fully mobilized, and to use the multiplying opportunities which as the months pass by will present themselves to us.

"We must, therefore, examine searchingly and repeatedly our own conduct and character and the quality of our war effort in every form and direction. We must make sure that our fellow countrymen and our allies have the best service from us which we can give.

FEELING OF IMPATIENCE

"Naturally, when one is burdened by the very hard labor of the task and its cares, sorrows and responsibilities, there may sometimes steal across the mind a feeling of impatience at the airy and jaunty detachment of some of those critics who feel so confident of their knowledge and, so sure of their ability to put things right.

"If I should be forced—as I hope I shall not be—to yield to such temptation, I hope you will remember how difficult it is to combine an attitude of proper meekness and humility towards assailants at home with those combative and pugnacious qualities which are the spirit of the offensive and counter-attack which we are all agreed were never more needful than now against the foreign enemy.

"We have succeeded in preserving our traditional free institutions, free speech, full and active parliamentary government and free press. We have done that under conditions which at times were more strained and conclusive than ever beset a civilized state.

NO VICIOUS PROPAGANDA

"But there is one limit which I must ask be respected. I cannot allow while I bear chief responsibility, a propaganda to disturb the army which now is so strong and solid or to weaken confidence of the country and armed forces in the quality and character of our devoted corps of officers—guards or line, staff or regimental—to whom we must all look not only as leaders of audacious enterprise abroad but as our indispensable weapon against invasion here at home.

"We must confront our perils and trials with that national unity which cannot be broken and a national force that is inexhaustible.

"Thus, and thus alone, can we be worthy champions of the grand alliance of nearly thirty states and nations which without our assistance would never have come into being but which has now only to march on together until tyranny is trampled down.

"The time has not come to form judgments about the past. All our thoughts, all our willpower must be concentrated upon what lies around us and before us.

"Yet, as your leader, I shall hope when the whole story has been told it will be said of the Conservative Party, in Parliament and throughout the land, they strove for peace too long but when war came they proved themselves the main party of the rock upon which the salvation of Britain was founded and the freedom of mankind regained."

ARMY IS RACING AGAINST THAW

Continued from Page 1

More than 100 planes, raiders and defenders, fought a bitter battle over the increasingly important Arctic base of Murmansk, it was disclosed. The Germans lost eleven out of sixty-six planes in this attack and caused no damage, a Murmansk dispatch said.

From other combat areas the increase in German planes was noted. In one case they outnumbered the Russians twenty-seven to three.

The many German counter-attacks, notably on the Kalinin front northwest of Moscow and in the Donets Basin, were described by the Communist newspaper Pravda as an "active defence" which has not wrested the initiative from the Russians.

German dispatches spoke of "the continuing thaw" in parts of the Russian battlefront. They also disclosed a heavy Soviet attack on Gzhatsk, German spearhead garrison 100 miles west of Moscow, which the Russians have surrounded. The Germans claimed the attack was thrown back after hand-to-hand fighting. Repeated Red Army attacks also were acknowledged in the Lake Ilmen sector of Staraya Russa and the Donets Basin.

A schoolmaster was trying to explain the word "widower" to his class. "What would you call a man who has just lost his wife?" he asked.

"Very careless," was the reply of a bright boy.

ROOM FOR MANY MORE RESIDENTS

Victoria's Finances Good—Great Promise for Residential Development, City Clerk Says

Stressing Victoria's promise as a residential city, City Clerk M. Frank Hunter said yesterday that there are sufficient local improvements already installed to accommodate an additional 5,000 residents without further expenditure of a cent of city money.

In a luncheon address to the Lions Club in Spencer's dining-room, Mr. Hunter pointed out that in the ninety-nine years of her existence Victoria had seen commercial and shipping developements come and go but the city had maintained a steady and worthwhile growth that had brought her a world-wide reputation as a residential community.

"Victoria should stand by her present reputation and develop along residential lines," he declared.

"Victoria is 'sitting pretty' financially," he said, contrasting the city today with the city in 1914 when the outbreak of the First Great War found Victoria citizens left "holding the bag" with a large public debt after the collapse of a real estate boom.

The refunding of Victoria's public debt had eliminated large carrying charges and had saved seventeen mills in the tax rate, while since 1937 there had been a decrease of eight mills in the tax rate, he pointed out.

A presentation was made to J. S. Kendrick, who is leaving for Ottawa for service with the Royal Canadian Navy, by W. J. R. Peers.

SWORN CHIEF OF NAVAL OPERATIONS

WASHINGTON, March 26 (AP).—Admiral Ernest J. King was sworn in today as chief of naval operations and said in a statement issued immediately afterward that the United States "must expect to take some hard blows in order to give even harder blows."

King took the oath of office in the presence of Secretary of Navy Knox and other high-ranking officers in Knox' office.

LONDON, March 26 (CP).—Sinking of the trawlers Botanic and Warland was announced tonight by the Admiralty. No details were given.

CARNIVAL WILL BE GAY AFFAIR

Girls' Drill Team, R.C.N. Band and Fancy Skaters To Perform at Willows

Nattily attired members of Victoria Girls' Drill Team will make another of their popular public appearances next Tuesday evening at the Willows Arena when they lend their support to the thirteen-act programme of the benefit ice carnival. The show will get under way at 8 o'clock with the entire proceeds being equally divided between the A.R.P. and Queen Alexandra Solarium.

Under the supervision of Captain Norman Foster, their organizer and founder, the Girls' Drill Team members will perform their intricate and colorful marching numbers on the ice.

The skating exhibition by Edward and Gladys Rushka, professional entertainers, should be exceptionally popular. The number will present the touring skaters at their best on the shining blades. Luther Holman and Fay Chesney, proteges of the Rushkas, will be seen in a delightfully entertaining waltzing number on skates.

The ever-popular Royal Canadian Navy Band with Lieut. Cuthbert wielding the baton will be in attendance and will supply the musical background for the entire programme. The navy musicians will also play prior to the opening of the show and at the intermission.

LIGHTER SIDE

On the lighter side of the show will be the return hockey match between The Colonist and Times, a "broom ball" game between the Police and Fire Departments, obstacle and bicycle races and other novelty events.

Ralph Alcock, ice comedian who has thrilled thousands of people in coast circles, will return to the silver blades for another of his highly amusing and entertaining numbers.

Another item of interest, and one that should decide the fastest service man on skates, will be the puck-carrying contest for members of the Services Hockey League. Present plans call for two members from each of the three teams to take part in the competition.

Additional numbers round out the variety programme, which should keep the fans amused and entertained for two hours.

There has been a brisk demand for tickets and they are still available from the offices of the two newspapers and members of local service clubs. Intending patrons are reminded that the show will start at 8 o'clock.

Attack Threatens Victoria, Far East Authority Asserts

Japanese Thrust Near, Sir Robert Holland Warns in Address to Rotarians—Citizens Should Act Immediately to Protect Themselves

WITH caustic condemnation of the Dominion Government's approach to the war effort, and criticism of the indifferent attitude of citizens who are not doing their share, Sir Robert Holland warned Rotarians, yesterday noon, that Victoria faces the imminent threat of attack by the Japanese.

Sir Robert, an authority on the Far East, who lived in India for forty years before his retirement here, has recently returned from a year's visit to that country, Burma, Singapore and the Malay States.

Condemning the false sense of security which, he asserted, is apparent everywhere in Canada, he urged that Rotarians impress the gravity of the situation upon their fellow citizens.

"I would adjure you to lose no time to convince them that we have got to stand up and protect ourselves, for we are in grave danger of invasion," he insisted.

MUST PROTECT SELVES

He said that the task of protecting themselves rested upon the people here, because, so far as he could determine, little, if anything, has been done for them.

Sir Robert quoted opinions recently expressed by leaders of the United Nations, including Prime Minister Curtin of Australia, whom he described as "one of the leaders we should listen to in particular, because Australia is in the position our country will be in if things go badly in the East." Freedom from invasion, he added, depends on what happens in Australia in the very near future.

It is easy to understand, the speaker said, how the dangerous feeling of well-being comes to envelop residents of Victoria. "The delightful, insidious charm of this beautiful city lulls us into a sense of security, we decide 'it can't happen here.' But we will have to throw off this attitude."

SURPRISE THE WORLD

Criticizing Canada's leaders, and Prime Minister Mackenzie King in particular, Sir Robert said "The whole world is watching with surprise the way in which we are sidling up to our war effort.

"In the meantime," he added with biting reference to the Government's new plan, "we are going to have 'the negative compulsion of restriction.' I call this a most unhappy phase."

Touching on Mr. Kuia's Wednesday speech and particularly his statement that "it would be little short of a miracle if the war terminated within what some would describe as a short time," Sir Robert said that "from a grammarian's point of view these are admirable examples of what is called mysoids. From the public point of view what are they?"

SHOULD AROUSE SCORN

Such a speech, he added, ought to arouse a storm of protest and scorn across the country.

Sir Robert reviewed Japan's plans and preparations for world conquest and declared: "They got a flying start in the present war through their treachery and our strategic position is now very poor."

Referring to Japanese gains, particularly the recent cutting of the Burma Road through the capture of Rangoon, Sir Robert described possible substitute routes for moving supplies into China as for the most part inadequate.

The hope of the United Nations, he said, is that they can pour tanks, aircraft and other war supplies into Australia and eventually retake lost territories. This, he asserted, will take a long time and speedy victory cannot be hoped for.

GREATEST DANGER

He compared the Japanese ideology, the cult of vows, with the democratic beliefs of Canadians and said that "the real danger I think to us is the Japanese concentration of purpose, their devotion to the Emperor and their ideas of world conquest."

"What have we to oppose it?" he demanded.

"We believe in democracy. We are determined to stand up to those principles on paper, but have we brought ourselves to make the necessary sacrifices?"

He said that the Japanese regard Canadians as idle, lazy, disunited, sunk in luxury, wasteful and incapable of girding themselves for serious and sustained action. He declared: "We should be much more frugal and thrifty ... change our entire attitude, forget the dollar bills ... try to simplify our lives. If we don't begin pretty soon, we are in solemn danger of getting licked in this war."

VANCOUVER DOCTOR IS MISSING AT HONGKONG

VANCOUVER, March 26 (CP).—Surgeon Lieutenant-Commander William Donald Gunn, son of Mr. and Mrs. A. Hugh Gunn, has been reported missing at Hongkong according to a message received by his parents from his wife in England. Lieutenant-Commander Gunn was in charge of a large service hospital in Hongkong at the time of the Japanese capture of the colony.

MINISTERS COMING TO SEE DEFENCES

OTTAWA, March 26 (CP).—Defence Minister Ralston and Air Minister Power will leave Ottawa Saturday by air for British Columbia to inspect the Pacific Coast defences, Mr. Ralston said today.

He was not sure when the actual inspection would begin. An itinerary ... officers at the Coast, he said. The two ministers will fly out together.

Obituary

MACKIE — Funeral services for George Mackie were held yesterday afternoon in the chapel of Sands Mortuary, Ltd. Rev. D. M. Perley conducted the services during which Mrs. S. M. Morton rendered the solos, "Abide With Me" and "The Old Rugged Cross." The remains will be forwarded to Rapid City, Man., where interment will take place.

HIBBERT—Funeral services for Mrs. Elizabeth Hibbert will be held in the chapel of Sands Mortuary Ltd., this afternoon at 3.30 o'clock. Rev. James Hood will officiate and interment will be made in the family plot in Ross Bay Cemetery.

LINDLEY—Funeral services for Mrs. Ann Elizabeth Lindley were held yesterday afternoon in the chapel of Sands Mortuary Ltd. Rev. G. A. Reynolds conducted the services during which Mrs. S. M. Morton rendered the solo, "God Will Take Care of You," and the congregation sang the hymns "Abide With Me" and "Nearer, My God to Thee." Many beautiful floral offerings bore mute testimony of the popularity of the deceased. The officers of Primrose Lodge No. 31, Daughters of England, read their burial service and sang the hymn "Forever With the Lord." The following acted as pallbearers: J. Rhodes, S. Pearce, O. Fowler, F. S. Dyer, D. Davidson and Sgt. D. Cook. The remains were laid at rest in the family plot in the Ross Bay Cemetery.

DAVIDSON—Strictly private funeral services were held Thursday afternoon for William McCartney Davidson. Cremation took place at the Royal Oak Crematorium and the ashes will be interred in the family plot at Calgary. B. J. Curry & Son had charge of arrangements.

CANCENIA—Rev. Thomas Menzies conducted funeral services in McCall Bros.' Funeral Chapel yesterday afternoon, for Margaret Jane Cancenia. During the services the hymns "Jesus Lover of My Soul" and "Abide With Me" were sung. The following were pallbearers: F. Webb, W. V. Merriman, W. Acton, J. Allen, F. Allen and P. Miller. Cremation took place in the Royal Oak Crematorium.

SUTHERLAND—Funeral services for Alexander Sutherland were conducted in McCall Bros.' Funeral Chapel yesterday afternoon by Rev. Hugh A. McLeod. The hymn sung during the services was "Nearer, My God, to Thee." Interment took place in Colwood Burial Park with the following as pallbearers: R. Randall, J. Randall, D. Randall Jr., W. S. Davey, H. Reston and W. Goldie.

HEALE—The death occurred suddenly at 2026 Penzance Road yesterday of Richard Heale, aged eighty-five years. Mr. Heale was born in Devon, England, and had been a resident in this city thirty-two years. He is survived by two daughters, Mrs. E. J. Gage, 2026 Penzance Road, with whom he had resided, and Mrs. R. Cookson, Toronto; one son, George, in England; one grandchild and one great-grandchild. The remains are at McCall Bros.' Chapel where funeral services will be conducted on Saturday at 2 o'clock. Interment will take place in the family plot at Ross Bay Cemetery.

FAIRWEATHER—Funeral services for James Fairweather, who died in Vancouver, will be held this afternoon at 3 o'clock in Hayward's B.C. Funeral Chapel. Interment will take place in Royal Oak Burial Park. Mr. Fairweather leaves his widow in Victoria and two daughters, Mrs. Thomas Price, Victoria, and Flora Quesnel. He was a member of Camosun Lodge No. 60, A.F. and A.M.

ROWE—Funeral services for Peter Rowe will be held Saturday in Hayward's B.C. Funeral Home at 2.15 o'clock. Canon N. P. Smith will officiate. Interment will take place at Ross Bay.

COPELAND — Ven. Archdeacon A. E. de L. Nunns conducted the funeral service for Samuel Copeland yesterday afternoon in Hayward's B.C. Funeral Chapel during which the hymn, "Breathe On Me Breath of God," was sung. Mr. Salmon represented the Oak Bay Conservative Association. The following were pallbearers: Major H. T. Nation, W. J. V. Church, R. W. Freeman and E. J. N. Mitchell. The remains were laid at rest in Royal Oak Burial Park.

To Hold Service Honoring Leader

The district council of the C.C.F. is arranging to hold a memorial service Sunday evening, March 29, in tribute to the late J. S. Woodsworth, founder and leader of the party, who died in Vancouver March 21.

Details of the service have yet to be announced, but it will be similar in form to others which will be held in various parts of Canada, Kenneth McAllister of the C.C.F. party's provincial council, said last night that the service will probably be held after evening congregations have left the churches.

BRONCHIAL COUGH
Kept Him Awake

That miserable cough! cough! cough! Does it keep you awake? Then, listen! Mr. Wesley Willows, R.R. 1, Carleton Place, Ont., suffered the same way. During his fits of coughing he would bring up a great deal of phlegm, and he wheezed a lot. Then, one day, he tried Templeton's RAZ-MAH, and slept comfortably all night without coughing. Now he does not get spells, though he keeps RAZ-MAH handy in case of need. RAZ-MAH quickly relieves choking, wheezing coughing. Relief from $1 worth—or money back. 50c and $1 at druggists.

DEATH SUMMONS REV. W. J. KIDD

Was First Missionary to Loggers on Coast of British Columbia

EDMONTON, March 26 (CP).—Rev. William James Kidd, sixty-five, died here yesterday at the home of his daughter, Mrs. W. Aubrey MacMillan. First missionary to the loggers of the British Columbia Coast, Rev. Mr. Kidd was born near Carleton Place, Ont., in 1877 and graduated from Queen's University in Kingston, Ont.

He was ordained in the Mount Pleasant Church, Vancouver, in 1907, by Dr. O. A. Wilson and founded the Loggers Mission Presbyterian Church on the West Coast.

Coming to Alberta in 1916 he was the minister of churches in Claresholm and Okotoks and for the last ten years at Clover Bar.

SON IS OVERSEAS

He is survived by two daughters, Mrs. MacMillan and Mrs. William K. Simpson of St. Catharines, Ont.; one son, Lieutenant James G. Kidd, serving overseas with the 15th Field Regiment, R.C.A.; two sisters, Mrs. W. J. Baird, of Toronto, and Mrs. K. A. Ramsay, of Grimsby, Ont.

He is also survived by seven brothers, Rev. C. F. Kidd, moderator of the Toronto and Kingston Synod of the Presbyterian Church of Canada, who resides at Gananoque, Ont.; Dr. C. E. Kidd of Leduc, Alta.; John A. Kidd of Vancouver; Edgar Kidd of Ashton, Ont.; G. H. Kidd and H. M. Kidd, of MacKenzie Island, Ont., and Stuart Kidd, of Edmonton.

WIN OR DIE SAYS LEADER

ideals and the same dreams of future destiny.

EVIDENCE OF UNITY

"My presence here is tangible evidence of our unity.

"There can be no compromise, we shall win or we shall die and to this end I pledge you the full resources of all the mighty power of my country and all the blood of my countrymen."

As he concluded with a toast to Australia and Australians the assemblage of Parliament members and Government chiefs ended the lunch with a spontaneous and tremendous ovation.

An orchestra struck up "For He's a Jolly Good Fellow" and the crowd slowly broke up.

Prior to the dinner MacArthur visited the House of Representatives during a warm debate and later shook hands with each member individually.

MEETS WAR CABINET

MacArthur spent two hours with the War Cabinet.

Prime Minister John Curtin said they discussed the composite structure and disposition of Allied Forces in being and reinforcements required. The enemy's tactics and strategy were reviewed.

"The confidence and determination of Gen. MacArthur were manifest in all our deliberations. He gave us inspiration for the struggle and his direct and clear thinking in all that is involved in it impressed us deeply."

News of what we have done and not news of what is intended is the only kind of news the War Council can from now on make available.

News of the actual fighting against the Japanese aggressor lagged.

GIRL MESSENGERS ON GRAIN EXCHANGE

WINNIPEG, March 26 (CP).—One of the last exclusive refuges of man, the trading floor of the Winnipeg Grain Exchange, upon which no woman has been permitted to step in fifty-five years of history, relaxed its grip on tradition today and permitted the first of a proposed group of girl messengers on the floor during market hours.

MORE JOBS FOR WOMEN

LIVERPOOL (CP).—For the first time in history women have been admitted to the "floor" of the Stock Exchange here. They are two telephone operators.

ASSERTS MUCH TIME WASTED

Hon. W. C. Woodward Reiterates Belief Pacific Coast Will Be Bombed

VANCOUVER, March 26 (CP).—Lieutenant-Governor W. C. Woodward in a luncheon address today said that "one characteristic of our people is that we never wake up until we are threatened and then we do our best."

Speaking to the Vancouver Board of Trade, Colonel Woodward said that "the democracies in this war have expected the best to happen and never prepared for the worst. So far the worst has always happened.

"If we cannot stand hard facts we don't deserve this country of ours," he said.

In two and a half months Japan had won an empire and taken the strongest fortress in the world while the democracies were at a standstill, he declared.

"In two and a half months the democracies wasted the most precious thing we have—time. So it has gone on for three years. The loss of time has been a terrible tragedy."

LULLED INTO COMPLACENCY

The Canadian people, he said, were not complacent by nature but they had been lulled into complacency by commentators and even newspapers.

He warned that the "sacrifices we have made already are absolutely nothing compared to those we are going to be called upon to make" and reiterated his belief that "we will be bombed here on this Coast, if not in three months, certainly within six. I am convinced of this."

He said he was not a defeatist and is confident of the ultimate victory of the Allied nations, "but for some time our pills are not going to be sugar coated but bitter to swallow."

PRISONER IN GREECE

FOR HOME DEFENCE

Canada is to have two more army divisions added to her military strength and these will be designed for coastal defence purposes. Presumably they are to be made up very largely of men between the ages of twenty-four and thirty, who are to be called up by lot. Added to these will be men already drafted and in training. The rate at which men in the new age categories are called up will determine the time it will take to form the two new divisions, and in any case many months must elapse before they can be regarded as fully trained. Whatever plans are in prospect these divisions should be mustered as quickly as possible and trained as divisions, not as isolated battalions, or units located at different points. The Prime Minister describes the two new army units, in posse, as "a mobile reserve." It is assumed that all army units in warfare as undertaken today are mobile.

In preparing for coastal defence, because of newly developing possibilities of attack on both coastlines of the Dominion, speed is the essence of the contract. If there were such attacks it might well be fatal if raw reserves had to be thrown into any battle that would eventuate. Whatever are the Government's plans about increasing the number of men raised by conscription they should be under way at the earliest possible moment and an intensified period of training decreed. The military authorities, by now, must have all the necessary facilities and all the necessary arms for equipping the divisions it proposes to raise. It is true that the Minister of National Defence said some weeks ago that the requirements through voluntary enlistment up to March 31, 1943, would be from 90,000 to 100,000 men and that no more than these could be trained and equipped. Obviously this opinion has had to be revised since the intention now is to raise two further divisions.

It was regarded as inevitable for some months past that the Government would have to enlarge its policy of increasing the armed forces of the Dominion. Once again this has been forced by public opinion, and perhaps in particular by the incessant call there has been from British Columbia for increases in the Coast's defences. It is only an alert public opinion that has brought Ottawa to a realization of the actualities of the situation. It is only an alert public opinion that will prevent the capital from again relapsing into that complacency of which it has been accused, so often and so justly.

CANADA AND PACIFIC WARFARE

The decision of the Federal Government, after consultation with British authorities, not to send an expeditionary force to Australia, means that this country, so far as the war with Japan is concerned, is to stand on the defensive and await the outcome of events. Seemingly the matter of consultation with the British authorities was confined to a proposal to send troops. Nothing is mentioned about the trained air personnel which Canada could dispatch to the Commonwealth. This country cannot help in a naval sense, she could send troops were shipping available. She has decided against the latter course, but there is a feeling that the Dominion, with its long coastline on the Pacific Ocean, should be taking a more active part in the war against the Oriental aggressor.

Canada is sending a very meagre quantity of supplies, including munitions of war, to the Antipodes. This, too, may be the result of lack of shipping. Nearly four months have elapsed, however, since Japan precipitated war, ample time for this country to have worked out some policy whereby, if only when the time comes for offensive action, the Dominion can take part in this area of the War. The whole history of the struggle that has been waging since September 3, 1939, is that those nations that have sat back and awaited events have had an improper outlook about their destiny. Many of them have learned in terms of the deepest bitterness that had they united and attacked the enemy their fate might well have been quite other than it is today.

If it is in Australia that the forces of the United Nations are massing to regain control of territories lost and bring the war into the heart of Japan, then Canada, in some form or other, should be a partner in that purpose, not a passive partner but an active one, adding strength increasingly, if in no other way, to the aerial armadas that will finally co-operate in bombing the enemy into submission. Canada is regarded as one of the world's greatest training grounds for bombers and fighters, for all the personnel of an air force. If she is what is claimed for her in this particular, the evidence should be obvious of the part she can play in the Battle of the Pacific.

RAILWAY EARNINGS

The transcontinental railway companies since the outbreak of war have found the truth of the adage that "it is an ill wind that blows nobody profit." Their finances have been benefitting handsomely, and go on benefitting all the more as Canada's war effort increases. The latest annual report of the Canadian National Railways has been the best in the history of that state-owned utility. This year Parliament will not have to vote any appropriation to meet deficits in the operation of the roads. On the contrary, the C.N.R. shows a cash surplus of $4,016,000, and has been able before showing this to pay its taxes, interest due to the public and certain interest to the Government on capital outlays. This transcontinental showed a considerable upward trend in business, the improvement over 1940 amounting to some $21,000,000.

This result is largely due to the industrial expansion because of war needs, and perhaps due in part to the continuous flow to and fro across the country of men of the armed services. It is due as well to the careful management that has been brought to bear on the fortunes of the transcontinental during many years past. The company's leadership has instilled a high spirit of loyalty in all the employees. That is a part of the secret of the success upon which Mr. R. C. Vaughan, the president, and all associated with him, deserve every commendation.

There are proportionately satisfactory results shown in the operations of the Canadian Pacific Railway Company. In 1941 its gross income reached the sum of $221,446,053, as compared with $170,964,897 in 1940, and the gain in the net returns was $14,216,376. The company is now [illegible] is still postponement of resuming interest payments on the common stock of $335,000,000. It is pointed out in the annual report that "the increase in earnings during the last two years has been due almost entirely to wartime activity and cannot be depended upon as a true indication of future results." This company like all other human organizations, has, in the words of its report, to face "the unpredictable conditions of the post-war period, which may require extensive changes in facilities and services." In looking to the future it is the part of wisdom to be on the safe side so far as conditions can be envisioned.

ILL ADVISED PROPHECIES

How could anyone know, apart from the High Command at Tokio, and possibly Herr Hitler, what is the intention of the Japanese respecting raids on or invasion of this coastline? There is not an individual in Canada, or in the United States for that matter, who could say truthfully that any such attempts are planned. To be forearmed to the uttermost in the light of such an aventuality is imperative. To create uncertainty and alarm because of possibilities is both unwise, and perhaps even distressing. Those who say glibly that within six months, and perhaps a shorter period Japan will engage in long-range attacks on the Pacific Coast must presuppose in their judgment of coming events that such prophecies will induce a greater state of preparedness. What they forget is that their dogmatism may be taken as betokening some inside knowledge which they cannot possibly have.

Families have already left this area to take up their residence at interior points of the Dominion. Other families are making preparations to go. This is one result of the predictions of those who are merely expressing their individual opinions on the course of the War. Were such opinions to come from Cabinet Ministers, or high authorities in the Services, then the presumption would be that information was in their possession which they deemed it desirable to pass on to the public for its benefit. Moreover if the authorities were persuaded that within three or six months' time raids or other attacks would be made on this coastline the presumption would also be that there would be more substantial preparations than are evident. As it is, it is a dangerous procedure for anyone to contribute to lowering the morale of the people with dire prophecies. Perhaps it will be said that warnings should not have such an effect. That is true, but the trouble is that there are always timorous people who take rumors or the mere expression of opinions about possible dangers to come at their face value and who do not trust the authorities to do what they believe should be done for their welfare.

LAXITY IN VIGILANCE

There was supposed to be something in the nature of an inquiry into the conditions under which prisoners of war are guarded in this country. If it ever took place it evidently was not productive of closing up the avenues whereby such prisoners are able to communicate with their friends. What has happened at Espanola, Ontario, where five girls, aged fifteen and sixteen, became friendly with German prisoners and mailed letters for them, and received mail in reply and conveyed it to them, makes somewhat astounding reading. The first contacts appear to have been made at hockey matches. It was not known that prisoners of war were allowed to attend these unless such are taking place in the concentration camps where they are, and even there it is hard to imagine why the general public should be admitted. The girls in question, however, had established a "secret postoffice" system and it is possible, even probable that through it the Germans were able to convey information to their country, and the likelihood is that they were planning escape.

Even at this late date there is laxity in discipline in concentration camps. Prisoners of war should be prevented from having any communications with the outside world, or with anyone living in their vicinity. Surely the authorities have had experience enough because of the many attempted escapes there have been since such prisoners were brought to this country. The discipline in prison camps should be tightened. What has happened at Espanola speaks badly for the vigilance of the authorities.

MASS AT MACAULAY POINT

And I have heard mass on the open heath
By the pit of the siegless guns,
"Oh God of our fathers, pray bequeath
"The peace we sold for a laurel wreath
"When the sword returned to the blooded sheath
"For the life of the younger sons."

And the thistle down of the white cloud fled
On the wandering winds of day
As the choiring lark swung overhead
I thought again of the English dead
Where the fields of scarlet poppies bled
And the white-crossed acres lay.

And the hushed ranks knelt on the warmer grass
By the breech of the six-inch bore.
"Oh God by the blood of the bloodless mass"
(Our brothers drank of the retching gas)
"We pray again that their cup shall pass,
Which did not pass before."

And the grey priest bowed to his mother earth
To gaze o'er Macaulay's guns.
"By those who died with their manhood's birth,
"We pray for peace which their death was worth
"To hold us free of the madman's mirth
"And the wrath of the Hitlered Huns."

And I have heard mass in the open air
Where the grey gull dipped on the tide
While memory fled on the wings of prayer
To the hopeful fields of death's despair
To plead with Thee that our days may share
The peace for which they died.

—Morgan Appleby (Captain), 82nd L.A.A. Battery R.C.A., Somewhere in England.

A HARDY FRONT

A hardy front to hardship's brunt,
Is the surest way to win,
The craftiest fox that ever laired,
Like a silly bird at last is snared,
And where he came to lift a lamb,
On the stakes he leaves his skin.

—Jose Hernandes, the Argentine poet (trans. Walter Owen).

But come, ye sons of Libertie
Columbia's offspring, brave as free!
In danger's hour, still flaming in the van,
Ye know and dare maintain the royalty of Man.

—Robert Burns: "Libertie—A Vision."

Note and Comment

By SANDHAM GRAVES

It is a waste of time to lay blame. The whole process of putting things right is halted by it. Accusations lead to a defence; defence leads to rebuttal; then once around the same circle the whole thing goes again, like the asteroids. And, like the asteroids, [illegible] man, contention has weight; swings other bodies off their courses; multiplies innumerable small irritations until the original fault is lost sight of entirely. It is idle to blame a child for lack of responsibility which only age can bring. It is stupid to blame an animal with reactions to life totally different to ours; and if the animal happens to be a dog, it is usually in the right from any objective standpoint. It is idle to blame a grown person who is the product of internal and external forces over which the best of individuals have none too much control. The best thing to do with spilt milk is to mop it up and forget about it. But it takes a lifetime to learn that. It is in the aged you may find tolerance, and a real desire to go ahead from whatever point the calamities of life have combined to produce. Or you may not find tolerance, but in its place a settled way of fault-finding, an endless and perennial search for the blots and stains left by spilt milk. That is the most idle of all pursuits. Laying blame is half the time a mere expression of self-guilt, seeking a non-retaliatory outlet. But don't take it out on a child, or on a dog, for both have a highly developed sense of justice. If blame we must let us each blame ourselves ... then the fairies will laugh, because our hearts will have recommenced to grow.

The Street of the Hawthorn Trees is about to do it again, for Nature is impartial in her favors, taking little account of war or peace. A week or two ago the robins rifled the hawthorn trees of their tart Winter-dried berries. It was a ceremonial rite, like the stripping of a Christmas tree. Nothing remained then but the bare, bleak boughs, knotted into innumerable deformities, which led the eye almost to infinity. But a week has changed that. Within a week new life appeared along the whole avenue. (It is May Street, between Moss Street and Beacon Hill Park). Terminal buds appeared in tight rosettes all over the trees. Yesterday one tree broke out its full Spring foliage, a rounded mass of brilliant green. In a few days, within a few hours perhaps, the whole avenue will be lined with such a rich green mantle that sober people with ingrown eyes, will hug themselves and say that this is Spring. Within a week or two the Street of the Hawthorn Trees will be ablaze with color, with pink and white alternate lanterns bobbing gently in the soft south breeze. Then, once again, the great merger will take place; the flowing together of white with pink until a variegated avenue dressed as if for a carnival, stands revealed in all its glory. It is a breath-taking sight, the Street of the Hawthorn Trees in Spring. It has coaxed many an individual to look up when all men's thoughts are turning down. It is the street that no one hurries over. It is the annual reward of the city park commissioner who saved the trees from club-footed destruction in the nick of time. It is Nature's special gift to sightless, mumbling mortals, who walk in paradise and think their individual lot is hard. Beyond that it is the home of bird-choruses, and have you heard their anthems in the Spring?

The time used is Pacific Standard for the 120th Meridian west. It is counted from 0 to 24 hours, from midnight to midnight. The figures for height serve to distinguish high water from low water. Where blanks occur in the table the tide rises or falls continuously during two successive tidal periods without turning.

To find the depth of water on the sill at the Esquimalt Drydock at any tide, add 30 feet to the height of high water as above given.

COMMITTEE STUDIES THE SALE OF MILK

OTTAWA, March 26 (CP).—Foods Administrator Gordon Taggart, of the Wartime Prices and Trade Board, said today the board hopes to reach a quick decision on future Federal policy with respect to sale of milk and concentrated milk products.

[illegible] has been studying the situation informally for several months and will submit its report shortly after that, Mr. Taggart said, the board will act quickly in shaping its new programme.

The Observation Car

By G.R.

In the city police court on Thursday a lawyer asked a witness, "What color was his hair?" The witness replied, "He was turned grey." Then the lawyer inquired, "What color was his hair before it turned grey?" The court permitted laughter. ... According to E. V. Durling, columnist, swimming, tennis and bicycling do not improve the female figure, but dancing is supposed to help. ... Look quotes Wendell Willkie on civilian defence, "There has been a great deal of confusion and waste effort in the administration of civilian defence. I should suggest that it be handled locally as far as possible with only general planning and supervision from the central administrator. Regulations which will seem sensible and real in cities along the Atlantic and Pacific Coasts will appear quite unnecessary and rather ridiculous in a vast number of inland cities." ... Note from a surprised reader, "I recently received an instruction card from our local air raid warden. It bore the stamp of the Civilian Protection Branch, British Columbia Police, Victoria, B.C. Is it not amazing that we received this card free from the British Columbia Police and did not have to pay the usual $1 or more that we are required to give for everything they put their name or stamp on?" ... Aubrey, our rotund friend, invited a companion to his flat for a beaker of coffee while he oozed into his tuxedo for a night out. When struggling with a size eighteen collar Aubrey inquired, "Have you seen my belt around the room?" The friend snickered, "Judging by the size of your waist it would probably go around the room." ... Definitions from The Cobble Hill Herald, high school organ, "Teacher, he who gives homework but never finds it done; students, those irritable things who have heads like sieves; home, the place where you are treated best but grumble most, brother, one who sneaks out when there are odd jobs to be done, school, the place where you work hardest and accomplish least."

Orangemen Plan Social Evening

A special social evening has been arranged by Premier Loyal Orange Lodge to welcome O. W. Wakelin, grand master of British Columbia, who will give an address at the meeting in the Orange Hall, 829 Courtney Street, this evening. An interesting musical programme will be given by the Harmony Quartette, consisting of Mrs. O. S. Eden, Mrs. F. Greenway, George F. H. Farmer and J. W. Buckler, with Mrs. Buckler as accompanist. All Orangemen and Orangewomen are invited to attend. A special invitation is extended to strangers in Victoria particularly those in the armed forces, to attend. Refreshments will be served.

Submarine Sinks U.S. Cargo Vessel Close to Madras

NEW YORK, March 26 (AP).—The torpedo-sinking of an American freighter by a Japanese submarine only ten miles off Madras, India, last January 29, was revealed today by the third naval district.

The crew of thirty-eight rowed ashore and twenty-three survivors headed by Capt. Thomas Eckart arrived here March 23.

Naval officers said the ship was about an hour out of Madras when the first torpedo hit. A second torpedo struck and the vessel sank in twenty-five minutes.

Marine circles in New York reported the loss February 5 but naval officials declined comment at the time.

Madras, situated on the Bay of Bengal, is along the Allied supply line to Calcutta and the Burma Road. The sinking was the farthest point west that Japanese submarines are known to have penetrated.

FIFTY YEARS AGO TODAY

(From The Daily Colonist of March 27, 1892)

Was Giving, Not Asking, Aid—The steamer Bonita, which reached Monterey on Tuesday, after a very rough trip, reported the British warship Warspite flying signals of distress. The tug Fearless left San Francisco to investigate and found that the Warspite's signals were offers of assistance rather than requests for aid. The flagship saw the Bonita's people endeavoring to save a man who had been washed overboard and stood by to lend a helping hand.

No Fires This Month—Unless there is a fire today the month of March, 1892, will pass into history as one in which not a single alarm of fire was turned in in the City of Victoria.

On Strike Again—The city clock had a mania for striking yesterday. At half-past nine it struck six and an hour later it recorded eight. The only excuse its friends could offer was that the clock was drunk, yet strange to say no one laid an information against it.

An Enormous Toadstool—There is now on exhibition at the Provincial Museum a "Brobdignagian" toadstool, cut recently from a fir tree by Mr. J. H. Scafe, of this city. It is some six inches thick by 22 across the top one way, and 17 inches the other. It is certainly a curiosity in size.

Letters to the Editor

No letter to the Editor will be inserted except over the proper signature and address of the writer. This rule admits of no exception. No letter should exceed 300 words in length.

REGISTRATION OF CHILDREN

Sir,—A lady whose letter to you appeared in last Sunday's issue advocates the fingerprinting of all young children in Victoria as a means to [illegible] their parents be killed or badly disabled in an air raid upon the city.

I think a better plan would be for the law to require that all parents and guardians of young children mark the little ones' clothing plainly with both full name and date of birth. Then reference to the Department of Vital Statistics would establish identity without question and with a minimum of trouble. A bottle of marking ink can be bought for a few cents, or name and date might be stitched upon the garments.

That Victoria will experience air raids is, I suppose, more than likely and owing to the fragile and inflammable nature of many of the buildings in the city they will perhaps prove to be devastating, necessitating evacuation to the Mainland on a big scale. No doubt Mayor McGavin and the City Council are moving to cope with that necessity should it arise.

H. DOUGLAS ANDERSON

CANADA SEEKING A LEADER

Sir,—Today the world is marking the highest point in history on the book of time. Caesar, Ghengis Khan and Napoleon each created a ripple on the surface of time. We are on the crest of a tidal wave.

Political action, or the proper action at the proper moment by our leaders will cause future generations to judge the people of today.

Germany and the German people will be judged by an analysis of Hitler, Goering and Goebbels. Norway and France by Quisling and Laval, despite the fact that thousands of loyal people have been murdered and trampled under foot on account of their patriotism.

The nations of today will be classified into three categories.

1. The aggressors and despoilers will be represented by Hitler, Mussolini and Hirohito. 2. The defenders of humanity and decency by Chiang Kai-Shek, Churchill, Stalin and Roosevelt. 3. The traitors, appeasers and procrastinators (those who place political power above the honor of their country), by Quisling, Laval and others.

Are we going to swallow Hongkong lying on our backs like a helpless puppy? Are we going to strain every nerve and sinew both physically and financially, in our war effort?

Are we going to allow every loyal and brave son we have to offer his life and before we are through, by the thousands, give it?

Are we going to continue to do these things and still allow ourselves to be classified according to the present attitude of our leaders?

Fellow Canadians, have we only one McNaughton? Isn't there another Beaverbrook among us? Are all the seats at Ottawa occupied by rubber stamps?

WALTER S. JONES
631 11th Avenue W., Calgary, Alberta, March 22, 1942.

SHE STOOD ALONE

Sir,—Many of your readers will approve the editorial appreciation of Great Britain's fighting and civilian forces. This appearing in your issue of March 25.

There seems a forgetfulness of the heroic struggle the people put up on that small island, practically unaided, for nearly two years. The aid rendered by the Dominions and other allies will in no wise be depreciated by giving credit to those who have so splendidly earned it at home. Some of us feel that the fighting forces of Great Britain have been doing heroic work without receiving much recognition. True they do not look for it and it is not their habit to seek or to expect it, but any generous heart would offer it to those whose sacrifices can never be belittled. What would have been the fate of other countries of the world today if Britain had not borne the brunt of the struggle through this strenuous period of time?

MORE RUMORS

Sir,—We are informed that there is a rumor circling the city that the Salvage Corps, at great trouble to their members and considerable expenditure of transport, collect aluminum from citizens only to send it to destruction on the city garbage scows. Monkeys rejoice in such antics, but assuredly not our earnest workers.

Every week we send a truckload of worthless material to the scow for dumping which well-meaning people send to us. We cannot use old enamelware, light metal racks, airtight heaters and other thin metal objects but do require heavy metals in substantial form such as old electric or sad irons, the thick portions of cook stoves, which are of cast iron and all pieces of brass, lead and copper.

May I mention another matter. In regard to caches of food which were suggested for dispersing in outlying districts as done in Britain, an error crept in to the information supplied. Our suggestion was to include in each unit or standard box of supplies two packets of pilot bread (human dog-biscuit) which keeps good for long periods and as its name implies a staple food for a standby on boats. The error which occurred in information unfortunately sent to your paper referred to this as loaves of bread which, of course, would not be suitable.

If your readers believe the above two items, as commonly circulated, they must indeed think the war is getting us.

FACES FOURTH CHARGE

LONDON, March 26 (CP).—Gordon Frederick Cummings, young R.A.F. aircraftman already charged with the blackout murders of three women in the west end was charged with a fourth killing when he returned to trial today. The victim was Evelyn Margaret Hamilton, whose body was found in an air raid shelter February 9.

According to Culbertson

The prime reason, indeed, the only reason, for drawing trumps is to protect side suit tricks from adverse ruffs. When such protection is unnecessary, it may be wise to let the trump situation take care of itself. Notice that, in today's hand, declarer avoided a guess for the position of the trump queen by the simple expedient of never touching the trump suit.

West opened the diamond 10. East covered dummy's jack and declarer won. It was immediately obvious that the contract was safe unless declarer lost the heart queen in addition to the three spade tricks that probably would have to be conceded. Having no fondness for guessing the position of queens, declarer manoeuvred as follows:

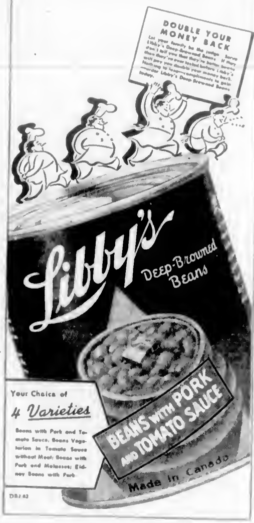

He cashed the ace and king of clubs, then ruffed a club. This was comparatively safe. Only if East had started with five clubs would this play risk an over-ruff by West. A low diamond then was led to the queen, and dummy's last club was returned. If East had followed to this trick declarer would have adopted the safety measure of throwing away a spade, thus guarding against being over-ruffed by West. But when East discarded a diamond it became perfectly safe for declarer to ruff with the heart six. Now declarer's last diamond was ruffed in dummy.

Up to this point, declarer had not lost a trick. Now reduced to three spades and three trumps in each hand all he had to do was give the lead to the opponents by exiting from dummy with a spade. No matter how the cards lay, no matter who had the heart queen, this play assured declarer of only three losing tricks. After the opponents collected their spade tricks, they would be forced to lead a trump or another suit that would give declarer a free finesse in trumps. In other words, they would have to permit him either to smother the heart queen or to win the third-from-last trick with a low heart, which would preserve the ace and king for the twelfth and thirteenth tricks.

Supply Bills Passed As House Speeds to Take Easter Recess

Ralston Promises Drastic Action to Prevent Use of Army Trucks for Non-Essential Purposes —Coldwell Objects to Procedure

OTTAWA, March 26 (CP).—The House of Commons passed supply bills totaling $676,341,172 during today's sitting as the tempo of legislative business speeded up preparatory to Parliament's adjournment tomorrow for the three-week Easter recess.

The measures included:

A bill providing for an interim war appropriation of $500,000,000 for the fiscal year beginning next Wednesday—one-quarter of the total war estimate of $2,000,000,000.

A supplementary war appropriation of $135,000,000 for the current fiscal year,

An interim supply bill for $38,805,172 for non-war purposes in 1942-43,

Supplementary non-war estimates of $3,538,000 for the current fiscal year.

RALSTON GIVES RESUME

As the day's sitting ended Defence Minister Ralston gave the House a resume of the Canadian army programme for the coming year.

Earlier in the day he assured the Commons that he has taken "drastic and vigorous action" to prevent use of army trucks and automobiles for non-essential purposes. At that time the $135,000,000 Supplementary War Appropriation Bill was under consideration.

At the night sitting M. J. Coldwell, acting C.C.F. House leader, criticized the Government's programme for extending national selective service.

Gordon Fraser (Conservative, Peterborough West) said there had been much criticism about the use of cars in the army not only in Ottawa but elsewhere and suggested a check-up. The minister said he held a conference on the matter last night and later added: "There was an article in The Kingston Whig-Standard some time ago which caused me considerable concern and regarding which I took what was thought to be drastic and vigorous action. That matter is being pursued."

HEARS SAME COMPLAINT

Conservative House Leader Hanson said the minister would save a lot of money if he "put the clamps on" and said he had heard the same complaint in Fredericton.

Gordon Graydon (Conservative, Peel) urged creation of a savings rehabilitation fund for men in the forces, to give them a stake after the war, and called attention to discrepancies between pay in the services and in civilian industry.

Col. Ralston said the discrepancies were not as great as might appear, but were not to be disregarded. If men who made high wages in factories were in the army they would receive trades pay and promotions and get more than the basic private's pay of $1.30 a day. In addition, they received dependents allowances and other benefits. This took no account of the risk they took which could not be measured.

"I sometimes get a little irritated," said the minister, "when people talk about a man doing valuable war service. I say there is no service that compares with the service of a man who enlists and risks his life."

"Absolutely," agreed Mr. Hanson. "You cannot measure that in dollars and cents."

"Then," said Col. Ralston, "when people advise a young man that he is doing just as important work at home I say it cannot rank with the service given by a soldier."

WILL INVESTIGATE

Col. Ralston promised to look into a complaint by Rev. T. C. Douglas (C.C.F., Weyburn) about money spent on barracks at Weyburn. Mr. Douglas said that the army took over a building from the International Harvester Company and fitted it up as a fine barracks at a cost of $7,000. The rent was $550 a month.

The building was used by the South Saskatchewan Regiment while it was in training. Then an officer decided the Government should not pay rent and the equipment should be removed. The general manager of the company offered to give it rent free while not in use and allow the equipment to remain for future use. But the equipment was removed at a cost of $1,800.

Altogether the Government had spent $38,000 on the building and now had no barracks.

Col. Ralston said the validity of the complaint depended on whether the company offered the building rent free. He had not heard about that but would look into it.

OBJECTS TO PROCEDURE

The practice of the Government in taking sweeping action by order in council while Parliament was in session was objectionable, Mr. Coldwell said. Some policies might have to be brought in quickly, but if so, a period should be set aside immediately for their discussion in Parliament. The manpower measures affected the lives of all the people and should have come before Parliament.

It might be time to revise the rules of Parliament so that discussion of such policies in Parliament could be less prolonged but just as free as at present. The British Parliament functioned well in wartime and some of the British rules might be adopted in Canada.

There should be a more democratic control of mobilization. Organized labor and agriculture should be heard. If approached in the proper way, mobilization under a democracy could be just as complete as, and more affective than, under a totalitarian system.

ENDORSES STAND

Paul Martin (Liberal, Essex East), the next speaker, said he endorsed what Mr. Coldwell said.

It was not too late to furnish the representation to which labor was entitled and the representation which should be accorded farmers, he said.

Defence Minister Ralston said that the very fact that Hon. Humphrey Mitchell, Labor Minister, was chosen to administer the whole mobilization scheme was a recognition of the importance of labor and the desire to make it a partner in the war effort.

Furthermore he said, he could give assurance that on all the boards to be set up labor would be given full representation.

ENLISTMENT RULES TO BE BROADENED

Continued from Page 1

He said that Canada's military forces now overseas are expected to cost $494,746,182 in the 1942-43 fiscal year starting next Wednesday, and that forces to be sent overseas this year will cost $13,374,238.

MAY BE MADE LIABLE

Replying to a suggestion from Howard Green (Conservative, Vancouver South), the minister said it might be a good idea to make single men from thirty to thirty-five years liable to compulsory call under the National Resources Mobilization Act. Amendments to the regulations announced this week raised the age class for compulsory call to include single men and childless widowers from twenty-one to thirty years.

"I think it may be good policy to call men up to thirty-five years of age and that may be done at any time," said the minister.

Col. Ralston outlined the year's army programme for home and overseas as already disclosed in announcements from Prime Minister Mackenzie King and himself.

He said that the organization of the army overseas into two corps as announced by Mr. King in January might be altered. Mr. King said that one corps would contain three infantry divisions and the other two armored divisions. That was subject to change in that it might be desirable to have an armored division grouped in a corps with one or more infantry divisions.

SIZE TO BE UNCHANGED

No change is contemplated in the projected size of the two-corps army with three infantry divisions, two armored divisions and two army tank brigades.

"It (the overseas army) will be a hard-hitting fast-moving fighting force ready to take on any job that may present itself," said the minister.

This did not mean, he added, that the Canadian Army would have to fight as a unit. The army would serve the common cause in whatever way was the best advantage, in any theatre of war and in any capacity.

The expansion of the present army corps into an army would require sending about 100,000 more men overseas. Of these about 25,000 would be in new units such as the 4th Division now being converted to an armored division in Canada, and the second army tank brigade. The other 75,000 would be corps and army troops and reinforcements.

TO DEFEND HOMES

The Reserve Army was essentially a "citizen army," said the minister. Its function was to defend the homes of the people in the localities in which its units were located. While it might sometime be necessary to use compulsion to get men into the Reserve Army that was not desirable at this stage.

He appealed to all members to support the Reserve Army and the brigade groups now organized for it in each military district. These groups had permanent headquarters staffs for administration and training but it was not proposed to organize all reserve units in brigade groups, he said.

The minister gave a break-down of the $697,000,000 projected total army expenditures to come out of the year's $2,000,000,000 war appropriation.

It included non-recurring expenditures—those not likely to be required again—and recurring expenditures which continue such as pay and allowances.

HON. N. W. WHITTAKER TALKS TO FELLOWSHIP

At the Garden City Men's Fellowship meeting in the church on Tuesday evening supper was served at 6.30 under the supervision of Mrs. R. Young, Mrs. C. Andrews, Mrs. T. Drayson and Mrs. W. P. Brown. Arrangements were made for the final meeting of the season, when the men will entertain the ladies with supper and a programme. A cordial welcome was extended the guest speaker, Hon. N. W. Whittaker, K.C., who gave an interesting address on "From the Speaker's Chair."

He described the origin and long tradition attending this office and showed how important had been its functioning in democratic government. In closing the speaker related many interesting episodes connected with those who have held this office in Great Britain and Canada.

On motion of A. P. Pryatt a vote of thanks was accorded the speaker, and a vote of thanks to the ladies was expressed by H. Klevill. The proceedings closed with the National Anthem and prayer by Rev. W. Allan.

SASKATCHEWAN CAGE WINNERS

REGINA, March 26 (CP).—Regina Tullers tonight took a close 47-43 decision from the Saskatoon Royal Canadian Air Force basketball team, but lost the two-game total-point Saskatchewan senior title series by an eight-point margin.

The airmen carried a twelve-point lead into the game, as a result of their 45-33 win in the first game at Saskatoon last Saturday. Victory gives the Saskatooners the right to represent Saskatchewan in the Canadian basketball play-downs, and they now will meet Victoria Dominoes, if they enter the play-downs.

The battle was a nip and tuck affair from start to finish. Mike Spack, of the air force, was the best man on the floor, scoring seventeen points. Zeaton and Vic Dale, who played with Victoria Arrows last year, Spack's line mates, paved the way for their teammate to get most of his points.

The Reginans held a 24-17 lead at halftime, but the airmen came back in the third to tie the contest, and for its remainder the count seesawed back and forth.

WANT STUDENTS TO HELP BUILD ROAD

EDMONTON, March 26 (CP).—Dean R. S. Wilson of the engineering faculty of the University of Alberta announced today the Dominion Government will build a highway from Prince Rupert, B.C., to connect with the Alaska Highway in Northeastern British Columbia.

He said the information was contained in a letter from the Government asking for every available junior and senior engineering student at the university. They will require draftsmen, engineering clerks, instrument men, rodmen and chainmen.

Dean Wilson said he was informing the students of the offer immediately. He said the engineering faculty will not be able to fill all the demands for student and graduating engineers needed in war industries. The demand has been tremendous, he added.

TURNED OVER TO GERMANS

Synthetic Rubber Developed In United States Given to Present Enemy

WASHINGTON, March 26 (AP).—Thurman Arnold, Assistant Attorney-General, testified today that the Standard Oil Company of New Jersey had developed a synthetic rubber that was cheaper, better and more plentiful than any the Nazis had and had turned it over to German interests before the United States entered the war.

Arnold told the Senate defence investigating committee that until a consent decree entered into yesterday, Standard had "held back even in this rubber shortage in making the patents on the synthetic product available to American rubber companies.

STIFLED PRODUCTION

When Arnold read documents he said showed Standard had "stifled the production of synthetic rubber in this country," Hugh Fulton, committee counsel, asked:

"Then Standard developed synthetic rubber in this country that was cheaper and more plentiful than Germany had?"

"That's right," Arnold replied.

"And turned it over to Germany?" Fulton inquired.

"That's right," was the reply.

And not to our own rubber companies?" Fulton asked.

"That's right," Arnold said.

The Assistant Attorney-General who is chief of the Justice Department's anti-trust division previously had testified that cartel arrangements between Standard and the I. G. Farben-Industrie of Germany "are the principal cause of our present shortage of synthetic rubber."

FOR PROTECTED MARKET

Arnold told the committee, however, that "these arrangements were not entered into with any desire to aid or assist Germany." He said the move was to get "a protected market to eliminate independent competition, and finally to restrict production in world markets in order to maintain that control."

Arnold said that Standard Oil Co. correspondence disclosed that its product, butyl, was satisfactory for making inner tubes and could be used in producing outer tires.

He said that it could be produced more cheaply than natural rubber adding that Standard Oil had offered to make some agreements with rubber companies which precluded their using the product in tires and confined their use of it to the high-priced specialty field because of the royalties they would have to pay.

Miss Edith Evans, whose marriage to Mr. E. Munroe will take place in April, was the guest of honor on Tuesday evening at a shower held at the home of Mrs. R. T. Williams, 2400 Dalhousie Street. A corsage bouquet of pink carnations and violets was presented to the bride-to-be upon her arrival and white carnations and violets were given to her aunt, Mrs. R. Evans. Mr. David Evans, on behalf of her many Welsh friends presented the guest of honor with a beautiful walnut coffee table and a silver flower basket. The decorations were carried out in mauve and yellow with a profusion of daffodils. Singing was enjoyed during the evening and those assisting Mrs. Williams in serving refreshments were Mrs. E. Banquet Closes Season

The Sir James Douglas Badminton Club closed a successful year with a banquet last evening, held in the club rooms on Thurlow Road. The table was tastefully decorated and centred with a silver basket of daffodils and forsythia flanked with mauve tapers in silver holders. The guest places were marked with chocolate Easter novelties. Mesdames Sidney White, D. A. Smith, Jack Hawkes, Walter Stover and A. Dighton were responsible for the artistic arrangements. Mrs. Sidney White, the club president, gave a few words of thanks to the members for their fine co-operation in making the season so successful. MRS. KYRLE C. SYMONS

Who Was Re-elected Regent of Victoria Municipal Chapter, I.O.D.E., at the Annual Meeting Yesterday.

Municipal Chapter Makes War Effort Contribution

Mrs. K. C. Symons Re-Elected Regent at Annual Meeting—More Than $6,000 Expended on War Work During Year

Mrs. K. C. Symons was re-elected regent of the Victoria Municipal Chapter, I.O.D.E., at the annual meeting yesterday afternoon at the Y.W.C.A. Other officers were elected as follows: First vice-regent, Mrs. A. H. C. Phipps; second vice-regent, Mrs. Aubrey Kent; secretary, Mrs. Cresine; treasurer, Mrs. Peter Cunningham; organizing secretary, Mrs. J. L. Gates; educational secretary, Mrs. F. F. Beckett; Echoes secretary, Mrs. W. Wingate, and standard bearer, Mrs. J. T. Jones.

In appreciation of her work as regent during the past year, Mrs. Symons was presented with a Victorian posy of Spring flowers by Mrs. W. R. Hobbs. In congratulating the primary chapters Mrs. Symons said that during 1941 the I.O.D.E. in Victoria had spent $16,285.72.

According to the report of the secretary, Mrs. H. Cresine, the chapter had a membership of 529 last year. The receipts amounted to $4,030.12, the disbursements $3,766.53, and the Alexandra Rose account $232.90. The full statement of the finances was read by Mrs. Peter Cunningham, the treasurer.

During the year the chapter gave a tea at the Empress Hotel for H.R.H. Princess Alice, took part in the Empire Day service, attended the intercession service at St. John's Church, assisted with the war services drive and all appeals had been met.

Notable among the activities of the standing committees was that of secondary education, reported fully by Mrs. F. F. Beckett, and child welfare. Milk had been supplied to undernourished school children and needy families as well as cod liver oil, clothing and layettes. The Queen Alexandra Solarium was assisted and other features of I.O.D.E. interest included the T.B. Pavilion at the Jubilee Hospital, T.B. Veterans and social service, Red Cross Work Shop, Sunshine Camp, Sea Cadets, Seamen's Institute, Travelers Aid and a Crippleage in London. Money had been raised by means of bridge parties, luncheons, teas, bazaars, dances, rummage sales, garden parties, the sale of cook books and other projects. A new venture was tried in October, the opening of a workroom for making leather and fur jerkins for the men on mine sweepers. Soldiers' graves have also been kept in good repair and decorated all through the year.

WAR WORK

Mrs. J. D. Gunn, war work convener, reported what had been done for the men of the services and for bombed victims in the British Isles. She told the chapter that $3,069.58 had been spent on wool and $31 .21 on materials. The total money voted to I.O.D.E. war funds had amounted to $1,891.85 and a grand total including the Mary Spitfire Fund and Navy League amounted to $6,321.64.

Three thousand nine hundred and thirty knitted articles for field comforts had been made, valued at $2,958.55, and 2,916 garments and other supplies valued at $1,089.70 had been sent under the heading of British clothing.

Mrs. J. Quinn, convener of magazines, reported that 1,986,144 magazines and books had been distributed to visiting ships, hospitals, military camps, naval establishments and air force stations, making a total of 2,061,144 pounds of reading matter. In addition 3,120 packs of cards and 500 gramophone records, 1,632 games and four gramophones were also sent out, and seven tons of material was sent to the Salvage Corps. For her invaluable work in connection with the collection and distribution of the magazines, etc., Mrs. Quinn was given a hearty vote of thanks.

STUDENTS ASSISTED

Thirteen students were assisted under the secondary education scheme of Municipal Chapter, the receipts for the year amounting to $686 and the disbursements $625, reported Mrs. F. F. Beckett, educational secretary, who commented on the contributions made by each primary chapter. Many of the chapters had provided schools in outlying districts, as well as in the city, with periodicals, calendars and books.

INCREASE IN MEMBERSHIP

Mrs. A. H. C. Phipps, organizing secretary, reported an increase in membership and congratulated the younger chapters on their good work. She urged the members to endeavor to further increase the membership this year. Mrs. W. Wingate reported 275 subscribers to Echoes, the magazine of the order, and recorded that the Florence Nightingale and Mary Croft Esquimalt Chapters were 100 per cent subscribers.

Mrs. Shanks read the standard bearer's report. Mrs. Allen reported for Girl Guides. Mrs. J. L. Gates, distinguished visitor, Mrs. Parteau, endowment fund, to which only the Camosun, Gonzales and Dr. O. M. Jones Chapters had contributed.

The morning session opened with the assembling of the primary chapter standards and the singing of the National Anthem. Silent tribute was paid to members who had passed away during the year: Mrs. J. D. Gordon, Mrs. Bannerman Campbell, Mrs. B. O. Weeton, Mrs. J. D. Helmcken and Lady Barnard.

TEA SERVED

At the conclusion of the meeting tea was served by the Florence Nightingale Chapter, with Mrs. W. Schade, Mrs. L. A. Lucas and Mrs. George Lillie in charge. Pouring tea were Mrs. F. W. Baylis, Mrs. R. W. Marsh, Mrs. J. L. Gates and Mrs. A. E. Catterall. The tea tables were prettily arranged with Spring flowers and on the special guests' table was a lovely bowl of rose-pink camellias from Mrs. Schade's garden, each guest receiving one as she left the table. A vote of thanks was extended to the Florence Nightingale Chapter and to the press.

Guiders to Hold Annual Meeting

By the courtesy of the Imperial Order of the Daughters of the Empire, the annual meeting of the South Vancouver Island Division of Girl Guides will be held in the I.O.D.E. rooms, View Street, tomorrow at 3 p.m. In addition to reports by the district commissioners and the camp committee and the British Bundles Group, the difficult problem of Summer camping will be discussed as well as other important business. The Provincial commissioner, Mrs. Alan Morkill, will attend the meeting and Miss Illingworth will speak on the duties and work of the local association. All members of local associations and Guiders are invited to be present.

Hospitality Group Works for Forces

The regular monthly meeting of the Hospitality Committee will be held at the Y.W.C.A. on March 30 at 1 p.m.

APPRECIATION

The following letters, selected from several received recently, show how much the hospitality of Victoria hostesses is appreciated.

A British officer of the merchant marine writes as follows: "Please convey my thanks, on behalf of the officers and members of the ship's staff, to the many hostesses in Victoria who extended their hospitality to us during the whole of our stay in port. It has been a great pleasure to us to accept the invitations and all confess that the kindness shown to us by all on shore has been simply amazing. We shall look forward with the greatest pleasure to our return visit at some future date."

A letter from a soldier to his hostess: "I just wanted to send a little note along today to thank you very sincerely on behalf of ——— and myself for the lovely hospitality which you extended to us yesterday. It was indeed a real treat to meet home folk like our own people in the East and we are most grateful for what you did for us and all the lads in uniform from week to week."

JEWISH PASSOVER

The members of the Jewish Community of Victoria cordially invite members of His Majesty's Forces of Jewish faith to the Synagogue (Blanshard and Pandora Avenues) on Wednesday, April 1, at 6.15 p.m. Immediately following the services the first Sadar Dinner will be held at individual homes of the members and any Jewish member of the forces who wishes to attend are requested to hand their names in to Mr. E. Mallek, G 2570. Transportation and hospitality will be provided.

BRITISH COLUMBIA SECURITY COMMISSION

ORDER NO. 1

WHEREAS, under and by virtue of the powers conferred on the British Columbia Security Commission by orders of the Governor-in-Council P.C. 1665 and P.C. 1666, both dated the 4th day of March, 1942,

AND WHEREAS it is deemed expedient for the security and defence of Canada for the Commission to make certain order regarding the conduct, activities and discipline of persons of the Japanese race

NOW, THEREFORE pursuant to the powers conferred in the Commission ...

1 For the purpose of this order, and any subsequent orders of the Commission, unless the context otherwise requires—

(a) "Persons of the Japanese race" means, as well as any person wholly of the Japanese race, a person not wholly of the Japanese race if his father or mother is of the Japanese race, and if the Commissioner of the Royal Canadian Mounted Police by notice in writing requires him to register pursuant to Order-in-Council P.C. 9760 of December 16, 1941.

(b) "Protected area" shall mean any protected area within British Columbia as defined in the "Defence of Canada Regulations (Consolidation), 1941" or any regulations passed thereunder, and shall also include any areas further restricted by any order issued or to be issued by the British Columbia Security Commission referred to in such orders as "restricted" areas.

2. No license or permit for fishing or angling in either coastal or inland waters of Canada shall be issued to any person of the Japanese race either within or without any protected area, and all licenses or permits issued to such persons shall be cancelled.

3. No game license or permit for hunting or trapping within Canada shall be issued to any person of the Japanese race either within or without any protected area, and all licenses or permits issued to such persons shall be cancelled.

DATED at Vancouver, ... the 24th day of March, 1942.

"AUSTIN C. TAYLOR"
Chairman
BRITISH COLUMBIA SECURITY COMMISSION

ICE HOCKEY IS AFFECTED

Amateur Game in Canada Next Year Will Feel Government's Move

TORONTO, March 26 (CP)—War conditions, especially in the light of Prime Minister Mackenzie King's announcement in the House of Commons of orders in council pertaining to mobilization of manpower undoubtedly will have an effect on amateur hockey in Canada next year, George Dudley, president of the Canadian Amateur Hockey Association, said here today.

Speaking before a meeting of the Ontario Hockey Association executive, of which he is treasurer, Mr. Dudley said he didn't think the C.A.H.A. could countenance physically fit men doing nothing but playing hockey. Curtailed schedules likely would be in order next season and play-downs also might be affected.

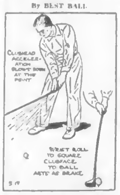

"We will try to maintain hockey, however, as best as we can," the C.A.H.A. president said, adding that it was his opinion that instead of further restrictions being placed on those who attempted to operate teams during 1942-43 the association should do all it could to aid these clubs.

GIVES WARNING OF BACTERIAL WARFARE

MOSCOW, March 26 (AP)—Health Commissar G. Miterav warned the nation today against the possibility of bacterial warfare by the Germans as Russia's Defence Council announced establishment of an organization to combat possible epidemics.

GRAPHIC GOLF

By BEST BALL

POINT OF SLOW DOWN

A stroke-ometer charting of various golfer's strokes, including those of Bobby Jones and Jimmy Thomson, disclosed an apparent falling off in clubhead acceleration prior to impact. That this wasn't intentional is obvious and the engineers who analysed the charts were of the opinion that the wrist roll, required in rotating the club about its own axis, interfered with imparting continued acceleration to the clubhead. This theory sounds plausible and though the argument has not yet been used in favor of the closed face type of swinging, it is fraught with possibilities.

As Craig Wood, foremost advocate of the closed face method, describes it, there is no wrist turn or pronation in his method. Consequently it would seem there would be no let up in speed before the ball is hit. The face of the club is square to the ball throughout. No figures for comparison are available but it might be that the open faced type of stroke, with its widened arc, can generate such speed that even the wrist roll slow up does not decrease it enough to allow clubhead speed of the closed faced method to catch up.

DETROIT TO MISS STARS

Tigers Rounding Out Club For Coming Pennant Race In Ball League

CLEARWATER, Fla., March 26 (AP)—Without Hank Greenberg and Charley Gehringer, Detroit Tigers are a toothless pelt of the team that won the American League pennant only two years ago, but it is time to refute the gross libel that they are the worst looking ball club in Florida.

Detroit was truly desolate until a few days ago. It had a sackful of holdouts, some of the players who had signed for cuts were unhappy, nobody was hitting and almost everybody played atrociously in the field.

But somehow order has come out of chaos and the Tigers now seem sure to be fighting for whatever scraps are left lying around the back entrance of the first division.

The pitching is sound even though the staff has more mysteries than an omnibus collection of detective stories. Buck Newsom, if he felt inspired, could be a twenty-game winner again. Schoolboy Rowe is an unknown quantity. Hal Newhouser, a fine young southpaw two years ago, still is battling to regain his control, and Tommy Bridges will be used chiefly for spot assignments on cool days.

Paul (Dizzy) Trout has looked tremendous at times, and big Al Benton and rookies Hal White and Charley Fuchs all have pleased Manager Del Baker.

One of the problems is rightfield, where the job rests between two freshmen, Bob Patrick, who hit .322 at Buffalo, and Don Ross, who batted .310 at Montreal. The other regular outfielders are expected to be Barney McCoskey and Roger (Doc) Cramer, the latter acquired from Washington during the Winter.

Second base is an open race between Murray Franklin, who played last Summer at Little Rock but has been one of the best surprises of the training season, and Jim Bloodworth, who also was obtained from Washington.

The shortstop job seems likely to go to Bill Hitchcock, who was purchased from Kansas City.

SERVICE IN HOME GUARD COMPULSORY

LONDON, March 26 (CP)—Compulsory enrollment of men in the Home Guard was extended today to the whole of England, Scotland and Wales.

The extension came two days after Sir John Anderson, Lord President of Council and member of the War Cabinet, had warned citizens that the invasion menace still existed and had outlined their duties in such an event.

MARKS OF HITLER!

ROBERT YOUNG IN INSPIRING STORY

'Joe Smith, American' Is Story Of Average American Family—Marsha Hunt in Feminine Lead

It is an inspiring story, "Joe Smith, American," which will open today at the Dominion Theatre with Robert Young in the title role. He portrays the head of an average American family and scores in a part completely different from anything he has ever attempted before.

Marsha Hunt appears as his wife and ten-year-old Darryl Hickman is their son.

The young husband, who is working on a secret bomb sight, is kidnapped by a group of enemy agents.

Young's escape by quick thinking is a dramatic piece of acting by which he saves the secret of the bomb sight. His keen intelligence while a prisoner in a hide-away beyond the city enables Federal men to trace the gang and one by one Young identifies them.

OAK BAY AND PLAZA THEATRES A cameraman traveled nearly 30,000 miles on H.M.S. Ark Royal to get the thrilling action shots seen in "Ships With Wings," now showing at the Oak Bay and Plaza Theatres. A romantic plot has been woven into the picture and for this John Clements, Jane Baxter, Leslie Banks and Ann Todd were chosen to fill the starring roles.

ATLAS THEATRE With its riotous action transpiring in a New York broadcasting station, a luxurious penthouse and the fictional village of Wistful Vista of radio fame, RKO-Radio's new comedy smash, "Look Who's Laughing," now at the Atlas Theatre, has Edgar Bergen, Charlie McCarthy, Fibber McGee and Molly and Lucille Ball.

CADET THEATRE "Dr. Jekyll and Mr. Hyde," now at the Cadet Theatre, is the first picture directed by Victor Fleming since "Gone With the Wind." Prior to the latter Fleming won acclaim for his "Captains Courageous" and "Test Pilot," both made with the star of the Stevenson thriller, Spencer Tracy. Sharing honors with Tracy are Ingrid Bergman and Lana Turner.

CAPITOL THEATRE Canada's world-famous "Billy" Bishop, V.C., who shot down seventy-two German planes in the first Great War, plays himself in Warner Bros.' "Captains of the Clouds," which will end tonight at the Capitol Theatre. He appears in his full dress uniform as Air Marshal of Canada and makes a fighting speech to a group of pilots.

YORK THEATRE Catalina Island served as the tropic location for a shipwrecked crew in the musical romance "New Moon." The picture, starring Nelson Eddy and Jeanette MacDonald, is now showing at the York Theatre. The island sequence of the film contains some of the production's most thrilling moments and is the setting for such songs as "Lover Come Back to Me," "Wanting You" and "Softly as in a Morning Sunrise."

RIO THEATRE Rudy Vallee and Helen Parrish have just been married for the first time, cinematically speaking. Co-starring in Universal's "Too Many Blondes," now showing at the Rio Theatre, Vallee and Miss Parrish appear as much-troubled newlyweds. With Vallee and Miss Parrish are such well-known movie performers as Lon Chaney, Jr., Eddie Quillan and Jerome Cowan.

WILL ACCEPT TERMS

BECKLEY, W. Va., March 26 (AP)—Bowing to a decision of Judge Kenesaw M. Landis, holdout Johnny Gorsica disclosed today that he was ready to accept the latest offer of Detroit Tigers and would leave tomorrow for training camp at Lakeland, Fla.

The big right-handed pitcher fired three contracts back and then took his case to Judge Landis.

The first contract called for a reduction in salary and Johnny balked. The next offer called for a $1,000 bonus if he pitched 150 innings and the Beckley boy didn't like that. The third offer eliminated the mention of 150 innings but specified Johnny would be used as a bullpen pitcher.

CAME SOUTH ON MERCHANT SHIP

Survivors of Mount McKinley Reach Seattle—Liner May Be Salvaged

SEATTLE, March 26 (CP)—Passengers and crew members of the Alaska steamship Mount McKinley, wrecked on the Alaska Coast two weeks ago, said on their arrival today that the vessel went aground in a heavy snowstorm and driving gale.

One hundred and thirty persons aboard the Mount McKinley, who were removed in lifeboats to a coast guard cutter after staying on ship two days after the grounding came south on a merchant vessel. Hopes are still held, a spokesman said, that the steamship, still aground, may be salvaged.

"Lifeboats were ordered lowered immediately after the McKinley struck," Bjorn Lander who was on the bridge with Captain Arthur Ryoing, told interviewers. "But they were not used and we spent forty-three hours and twenty minutes on ship before being taken off.

"It was thirty hours after the vessel went ashore before we could start a fire for fear of a leak in the fuel oil tanks. Finally we burned chairs for fuel."

When the passengers finally left the Mount McKinley, he said, only one keg of fresh water remained for their use.

Only one person, Kenny Anderson, nineteen, Seattle, was injured. He received a crushed hand when it was caught in a watertight door. The Mount McKinley went ashore on March 11.

Ship Arrives at Southern Port to Undergo Repairs

NEW ORLEANS, March 26 (CP)—The New Orleans States said today that a ship had arrived here to undergo repairs for a damaged bow received some time ago when it rammed and sank a submarine in the Caribbean while voyaging to New Orleans with light cargo and without lights.

The submarine reportedly was crashed while running on the surface and was reportedly cut in two by the blow, the ship's lookout asserting that he saw two men thrown clear of the submarine and swimming in the water.

Fear of other subs in the vicinity and speed of the vessel prevented any attempt to rescue survivors, The States said.

The bow of the ship was reported stove in by the contact. Concrete was poured into the holds and the ship was able to make port.

(The Eighth Naval District here and the Navy Department in Washington said they had no knowledge of a submarine sinking.)

CHINESE ISOLATED IN TOUNGOO AREA

Continued from Page 1

tacking Toungoo from all sides today, with the Chinese defenders throwing them back time after time.

The Chinese general commanding there states that "the situation is well in hand" despite the fact that Toungoo is now surrounded.

"The Chinese had set up a defence in depth at Toungoo and despite repeated attacks, which had gone on for about thirty-six hours, the Japanese have failed to penetrate the Chinese outer line of defence.

"To reduce it to bowling alley language the Chinese attitude at Toungoo appears to be 'You set them up and we will knock them down.'"

POSITION WORSENING

The Allied position appeared to be worsening steadily. With the Chinese cut off at Toungoo, the British army now guarding the Yenangyaung oil fields north of Prome faces Japanese offensives from both east and south. Apparently General Harold Alexander is expecting the Japanese from Toungoo to turn west for a junction with the enemy force in the Irrawaddy Valley although today's communique reported no contact as yet in the Pegu Yoma mountain range which lies between.

The position of the Chinese at Toungoo was called critical unless they can cut their way through the Japanese to the north or can be reinforced within two days.

On the third front astride the Northwest Thailand border Chinese forces routed 800 Japanese-Thai troops north of Mongtung inflicting heavy casualties and capturing "a French officer," according to the communique. This was the first official intimation of French co-operation—presumably from Japanese-dominated Indo-China—with the enemy in Burma.

NUMEROUS PATROL ACTIONS

There have been numerous such patrol actions on this front. (One British dispatch from Chungking said strong Chinese columns had entered Thailand at two points.)

Meanwhile the Flying Tigers of the American volunteer group added at least ten wrecked Japanese planes to the toll they have taken as the result of repeated raids on the big Japanese air base at Chiengmai, Thailand. Many others were damaged as a result of the latest raid to be reported Tuesday. In an earlier attack they destroyed or damaged forty to fifty aircraft.

Delayed dispatches also disclosed that last Saturday R.A.F. and United States pilots facing their greatest odds yet, fought against 100 Japanese bombers and fighters in defence of one Central Burma airdrome.

AIR RAID VICTIMS

In the week ended March 25, the Royal Trust Company received contributions totaling $110.03 for the Queen's Canadian Fund for Air Raid Victims. The United Empire Loyalists contributed $50.03, from Yarrows' Employees War Services Fund came $50 and two anonymous donors contributed a total of $10.

Embarks on New and Glamorous Career

Embarking on a new and glamorous career as a stewardess aboard Canadian Pacific air liners between Vancouver, Edmonton and the Yukon, twenty-two-year-old Winnifred Marion Hiscox, Winnipeg, is seen here at the outset of her first student flight on the northern route. With her (left) is Chief Pilot Sheldon Luck and Air Commodore H. Hollick-Kenyon, C.P.R. air superintendent at White Horse. Miss Hiscox, blue-eyed and 5 ft. 4 in., is a graduate of St. Joseph's Hospital, and was a night supervisor at Misericordia before taking to the air.

Losses of Japan In Ships Total 1,000,000 Tons

LONDON, March 26 (CP)—Since start of the war in the Pacific, Japan has lost about one-quarter of the 4,000,000 tons of shipping she originally had available for troop transport, the Allied review of international affairs, Free Europe, estimated today.

The publication said that in any further extension of Pacific operations Japan would face a shipping problem and "must exercise caution, for about 130,000 tons of shipping are needed to transport a modern division with equipment."

Free Europe recommended a two-point programme to aid the Russians and prevent a German-Japanese union:

1. Japan's forces must be contained on all present fronts. Australia and Northern Burma thus must be defended.

2. The German military machine must be attacked from two or three sides simultaneously because once Germany is smashed the defeat of Japan would follow.

WENT DOWN WITH FLAG STREAMING

Boatswain of Freighter Ran Up Ensign, Jumped Overboard and Swam to Rescue Ship

NORFOLK, Va., March 26 (AP)—A small American merchant ship was torpedoed off the Atlantic coast Monday, but through the daring gallantry of her boatswain who reboarded the sinking vessel went down with the flag streaming from her pole.

Rescue ships landed fourteen survivors and four bodies at Morehead City, N.C. Twenty members of the vessel's thirty-eight-man crew were missing and presumed lost, the fifth naval district said in announcing the sinking today.

"It was a good flag, a brand new one, and she was still fluttering the last thing to go under when the ship finally settled," Boatswain Garland Henderson of New Orleans, La., told Ensign Joseph Sierer, of the fifth district public relations office.

Like most of the other survivors, Henderson was in his bunk when the attack came. He left the ship in a lifeboat with nineteen others. The boat shipped so much water it became unmanoeuvrable, the boatswain related, and two hours later he jumped overboard and swam back to his ship.

From the sinking merchantman Henderson saw other ships, he said, but he wasn't certain of their identity and believed they might be enemy submersibles surfacing.

"When I knew who I was talking to and saw that the rescue ships couldn't get any closer," he said, "I put up the flag and jumped overboard and swam out to the nearest ship."

Able Seaman Bryan Lloyd, of Houston, Texas, told how he also left the lifeboat containing twenty men, swam back to the ship and lowered a raft.

"As soon as I got away from the ship," he said, "I hauled up a yellow flag so that anyone around me in the water could see it and could come on."

Wireless School Turns Out Large Class of Airmen

CALGARY, March 26 (CP)—Canadians, Americans, Australians and New Zealanders comprised a graduating class at No. 2 Wireless School here today. Group Capt. E. R. Owen, commanding officer, officiated at the graduation exercises.

Western Canadians were in the majority as the smartly turned out parade was presented with "sparks," the insignia designating the completion of their lengthy training programme in this phase of air crew duties. Graduates included J. C. Fletcher, L. F. Head and H. W. Rothnie, all of Vancouver; H. Wilson, H. D. Pound and J. R. Greenhorn, all of New Westminster; O. V. Anderson of Courtenay and S. Bangham of Westhold.

Among other graduates were: British Columbia—M. O. K. East, Keremeos; I. R. Thurlow, Wadsby P.O.; J. A. Murphy, Clayburn; K. R. Weaver, Vancouver; D. D. MacQueen, Vancouver; C. M. Smith, Vancouver; D. E. Melcombe, Vancouver; R. A. Pegues, Cariboo; W. R. Sinclair, Penticton; D. M. B. McKenzie, Rossland; C. O. Middleton, New Westminster; J. N. McLeod, West Vancouver; J. H. Samuel, Naramata; A. E. Anderson, Sardis; J. Levland, West Vancouver; D. L. Turner, Port Alberni; E. S. Henderson, Courtenay; D. A. Young, H. B. Minnis, both of Victoria.

toward the oil resources of the Caucasus.

WILL STRIKE BACK

"Russia is well aware of this," he continued, "and will undoubtedly strike back. It might be very important to the common cause if when these forces are involved in the East we could be prepared for a second front somewhere else."

Touching on conditions in Poland, Gen. Sikorski said information recently had been smuggled out to the effect that young Polish women are being sent to a biological station at Helenow, tested physically and then shipped to Germany to produce babies for the Reich. He also said the Germans were inciting the Ukrainian minority in Poland to pogroms against the Jews.

The Germans were attempting to destroy all Polish intellectuals and all nationalist organizations through barbarous and bestial methods. In addition, they were trying to arouse the Poles against the Russians but were meeting with no success.

TRIALS AND TORTURES

Poland, he said, in two and a half years has gone through trials and tortures 1,000 times worse than Norway has experienced, but it had produced no Quisling and had never once lost hope or faith.

Regarding his conferences with Stalin in Moscow, Gen. Sikorski said Polish-Russian relations have had ups and downs in recent years, but "I am certain these differences are by no means insuperable and that future relations will be on a basis of collaboration, respect and mutual regard for treaties."

Although Polish boundaries had not been discussed officially between himself and the Russian Premier, he had been assured by Stalin that Poland must be bigger and stronger than before the war, he said. That would be the best guarantee of Russia's security against Germany in the future.

In times of war, when conditions are liquid, permanent factors like frontiers should not be fixed, Gen. Sikorski concluded. That could be determined best by the position of forces at the end of the war.

SUSPEND TEMPORARILY

VANCOUVER, March 26 (CP)—The Shipping Men's Association of British Columbia has decided to suspend active operations temporarily due to war conditions. Present officers and directors will remain in office.

Princesses Joan and Elaine Are Back In Service

RESUMING her regular service on the night run between Victoria and Vancouver, the Ss. Princess Joan took over from the relief ship Ss. Princess Louise on Wednesday night of this week, R. J. Burland, general agent of Canadian Pacific Steamships stated yesterday.

Mr. Burland also said that Ss. Princess Elaine will take over from Ss. Princess Victoria on the run between Vancouver and Nanaimo this evening, the Elaine leaving Vancouver at 8.15 o'clock.

Both vessels have been off for seasonal overhaul.

Trestle Fire on Milwaukee Road Delays Traffic

ELLENSBURG, Wash., March 26—Milwaukee Railroad construction crews worked today to rebuild a creosoted pile trestle five miles west of here that was destroyed yesterday by fire. The trestle fire delayed service on the Northern Pacific's trunk line for several hours until a work crew shored up the Milwaukee overcrossing.

Milwaukee officials said they hope to restore their main Seattle-Spokane line within two days. Meanwhile the line will use Great Northern tracks.

At Seattle, F. F. Bartles, assistant general manager of the Northern Pacific, said a thorough investigation of any and every possibility of sabotage was under way.

"The area in the vicinity of the trestle is always kept free of weeds, grass and the fire should not have occurred," he said.

Jean: "I wish I had the money to buy a Rolls-Royce and run it without worrying."

Betty: "What use would it be, you can't even drive."

Jean: "No, but it isn't the car I want, it's the money."

You'll never be satisfied with anything else once you see RINSO WHITENESS

WHEN you see clothes which have been washed with Rinso you quickly appreciate the difference . . . Rinso not only washes whiter, it gives the *whitest* wash! In fact you'll say the only real standard of whiteness is Rinso whiteness.

Colors wash best in Rinso, too. Week after week you'll see that they come up bright and fresh as daisies. Rinso actually helps all the clothes to wear longer. Its rich suds float away dirt, make it unnecessary to rub or scrub.

Whatever your previous washing experience has been you have only to use Rinso once and you will never again be satisfied with anything else for your wash.

Order some Rinso for this coming washday. Get the GIANT package at your store for extra economy.

RINSO CERTAINLY MAKES CLOTHES LAST LONGER
AND KEEPS COLORS BRIGHT TOO!

SUPERVISOR'S REPORT

An increase in the number of cows on test was shown in the report of T. G. M. Clarke, supervisor of the association, the number being [illegible] 550 in 1939. Of the number of cows on test 458 completed their records of qualification. The number of members of the association was reported as twenty-four.

G. Swan topped the class for small herds, one to nineteen cows, with a herd average of 445 pounds of butterfat. G. F. Weir was second with 444 pounds of butterfat and M. Nissen third with 421 pounds. George Austin headed the class for large herds with an average of 442 pounds of fat for thirty-three cows, considered an outstanding achievement for such a large herd; R. W. Burkinshaw was second with 421 pounds average for twenty-seven cows, and C. R. Easton third with 419 pounds for twenty-three cows.

In the high-low class for small herds Mr. Nissen led with 405 pounds of butterfat. H. C. Rose was second with 394 pounds, and G. Swan third with 388 pounds. Mr. Burkinshaw topped the high-low class for large herds with 349 pounds of butterfat. Mr. Austin was second with 339 pounds and [illegible] pounds.

Glancing Over Sport

NICE GOING, DOMINOES

With blond Norm Baker putting on one of the finest displays of foul-line shooting witnessed in a provincial final, Victoria Dominoes marched through Tookes by a five-point margin to win the British Columbia senior basketball championship on Wednesday night in Vancouver at the V.A.C. gymnasium. The locals took the series four games to one, which thoroughly convinced Mainland supporters that the Dominoes were superior in every department of the game. Getting back to the showing made by Baker. He went to the foul strip on sixteen occasions that evening and potted twelve of his attempts.

The path is now cleared for the Dominoes to head for Saskatoon to meet the Saskatchewan winners in the Western Canada semi-finals. Due to pressure of business, Manager Dave Nicol will be unable to make the trip to the Prairie city, but he is sending a capable man in Bobby Van Horne, club trainer, to look after the boys. It has been stated that Norm Baker and Ritchie Nicol, the scoring stars in the last two games, would not be going to Saskatoon, but the local manager stated yesterday on his return from Vancouver that these two lads may be traveling after all. It was also learned that the Dominoes can strengthen their line-up by picking up two Vancouver men. Just what two men will be selected is not yet known, and will not be until the local team holds a meeting in the near future.

PITY POOR SIMON

Abe Simon, the big husky from Cleveland, likes his sleep and usually retires early. Well, tonight his wish will be fulfilled, for when Joe Louis gets through with him he will most likely be wrapped up in bandages and tucked under the covers without even knowing what happened in the ring in Madison Square Garden. Mr. Simon will be making his second attempt to win the heavyweight boxing title, but at the same time I think he is just wasting his time trying to dethrone the deadpan Brown Bomber from Detroit. True, Abe went thirteen rounds the last time out, but what a mess he was when he reported to the doctor after the bout for repairs. His face was entirely out of shape and the medico had quite a jig-saw puzzle in front of him before he could reconstruct the pieces. After two months on the shelf the big Cleveland fighter looked something like himself again, but he still carried the scars that Louis handed him during the thirty-odd minutes of battling.

The ballyhoo coming from Simon's training camp states the 245-pounder is confident and in fine shape to beat the daylights out of Louis. Abe states that he will use a different line of attack tonight, now that his right arm is all better. He claimed in the last bout that this flipper was injured and he couldn't use it on the negro. If he gets a chance to swing either of them this evening he will be lucky, for Private Joe says he will start from the opening gong and end it as quickly as possible. One thing about this fellow Louis, if you have followed his career closely, he has never made the same mistake twice.

My prediction was in this column the other morning. Louis in the first round after two minutes and ten seconds.

ODDS AND ENDS

The Esquimalt soccer team has its ups and downs. On Wednesday [illegible] the Wests and with it the McGavin Cup, while last Sunday they trimmed the daylights out of the strong V.M.D. club in the same series. . . . I understand that Young's Shamrocks, a junior football eleven, will move into the senior division next season intact. These boys have been playing together since they were twelve and now most of them are eighteen. They will most likely play under the colors of the Esquimalt club and will be looked after by Joe Watt and Bob Noble. . . . Les Kennedy, an unknown professional, playing in the North and South open golf tournament, was really "hot" in the first round when he carded a 66. The feature of his first nine of 32 was that he was putting for eight birdies and an eagle. If he had sunk all those putts he would have had a nine-hole score of 26, one under even threes. . . . Victoria Dominoes won't have much trouble hurdling the Saskatoon team in the Western Canada basketball semi-finals, for the class of ball in that part of the country is just so-so. Winnipeg will provide stronger opposition to the local machine as the St. Andrews cagers are reported to have a formidable line-up ready for action. With any kind of a break, the Dominoes should return to the city with the Dominion championship, and if this happens it will be the first time a Victoria team has ever won the title away from home.

NANAIMO IN SECOND WIN

Trim Swift Current Hockey Squad in Play-Off for Hockey Title

NANAIMO, March 26 (CP).—Nanaimo Clippers beat Swift Current Indians, 5-2, here tonight to take a 2-0 lead in games in their best of five series for the Western Canada intermediate amateur hockey championship. Clippers won the opening game last Tuesday, 6-0. Third game of the series is scheduled for Saturday night.

Jackie Mann with three, Don Stanley and Jimmy Neilson scored for Clippers, while Kjasgaard counted the Saskatchewan team's two counters.

Indians were a much improved club tonight from the train-weary band that failed to score against the speedy Clippers Monday night and had the better of play in the first period.

Swift Current opened the scoring at 12.55, when Kjasgaard took Mikkelson's pass and drilled it into the Nanaimo net.

CLIPPERS IN LEAD

Clippers, however, took over in the second and rattled in three goals in five minutes. Stanley scored the first at 12.40 on a pass from Mann. Then they reversed the order with Mann counting and Stanley assisting a minute later. Clippers counted their third goal at 17.29, Mann scoring on a two-way relay from Bill Dubec and Toad Klein. Clippers counted two more in the third session and the Indians their second.

Dave MacKay and Stanley set up the play for the first goal with Mann scoring at 2.50. Then at 15.31 Indians' Kjasgaard soloed through for Swift Current's second goal.

Neilson, of Nanaimo, ended the scoring less than thirty seconds later when he counted unassisted.

LINE-UPS

Nanaimo—Langill, MacKay, Dubec, Klein; Stanley, Mann. Subs: Kilburn, Smith, Martinson, Carr, Neilson, Sutherland.

Swift Current—Buzinski, Bekker, Mikkelson, Kjasgaard, Deyle, Culling. Subs: Cummine, Colfer, Bak, Miller, Andres, Metz.

Officials — Wilf Greenwood, Regina; Ty Cully, Nelson.

SUMMARY

First Period—1, Swift Current, Kjasgaard (Mikkelson), 12.55.

Second Period—2, Nanaimo, Stanley (Mann), 12.40; 3, Nanaimo, Mann (Stanley), 13.40; 4, Nanaimo, Mann (Dubec-Klein), 17.29. Penalty: Andres.

SASKATOON IN FINE VICTORY

Quakers Beat Kimberley, 6-4, in First Game—Port Arthur in Draw

SASKATOON, March 26 (CP).—Saskatoon Quakers took a one-game lead in their best-of-five Western Canada senior hockey semi-final series with Kimberley Dynamiters by scoring a 6-4 victory over the British Columbians in the opening game here tonight.

A crowd of 3,200 watched the contest.

Second game will be played here Saturday night, with the third billed at Moose Jaw on Monday. The fourth and fifth games, if required, will be played here April 2 and 4.

The Saskatchewan champions led 2-1 at the end of the first period and 3-2 at the end of the second. After Kimberley tied the score at 4-4 early in the third period, two goals in the last six minutes of play gave the Quakers their margin of victory.

CALGARY, March 26 (CP).—Port Arthur Bear Cats and Lethbridge Maple Leafs, bidding for a berth in the Western Canada senior amateur hockey final, battled to a 4-4 overtime tie here tonight as they opened a best-of-five series that will be continued on the same ice Saturday night. Third game will also be played in Calgary on Monday, with the fourth contest scheduled in Lethbridge next Wednesday.

Ahead three times during regulation playing time only to see Leafs come from behind on each occasion to tie the score, Bear Cats were forced to rally themselves in overtime as Leafs scored a quick goal to lead for the first time in the game at 4-3. However, Woochy was equal to the occasion, coming through with a solo goal while his team was short-handed to leave the score deadlocked.

It was Woochy's second goal of the game, his first putting Port Arthur ahead 3-2 at the end of the second period after the team had held a 1-0 lead in the first session.

McKenzie and Wright notched the other Lakehead tallies, while Pringle, Maher, Lane and Bossch scored for Lethbridge. [illegible] on a pass from [illegible] tied [illegible] the third period [illegible] the game at 3-3 and forcing the overtime.

Louis Is Strong Favorite to Beat Simon With Ease

Brown Bomber Is Expected to Stop Heavyweight Challenger Within Six Rounds Tonight in Madison Square Garden—Army Relief Fund to Benefit—16,000 Fans Predicted

By SID FEDER
Associated Press Sports Writer

NEW YORK, March 26 (AP).—For the first time in the history of the fight game an American soldier will fight for the heavyweight championship of the world tomorrow night.

And for the second time in less than three months Joe Louis (now Private J. Louis Barrow of the United States Army) will defend that richest of all fistic prizes for nothing.

He will walk into Madison Square Garden's ring at 10 p.m. E.D.T. (7 p.m. P.D.T.) before about 16,000 customers and proceed to operate on one Abraham Simon, a good-natured, confident 250-pound giant from Long Island whom he chopped down in thirteen rounds just about a year ago.

There should be somewhere between $125,000 and $150,000 in the till by post time, according to communiques from Promoter Mike Jacobs' ticket office outposts, but neither Joe nor Mike will wind up with a quarter out of the pot. The chief collector will be the Army Emergency Relief Fund.

FUND TO BENEFIT

Best estimates are that some $50,000 to $60,000 will be contributed to the fund, with Louis and Jacobs kicking in their entire profits, Simon contributing a portion of his purse and the Garden splitting its share equally with the fund.

Despite Simon's fighting heart, ability to absorb punishment and a pole-like left jab, even his best friends wish him well but can't see what possible chance he has to do any more than say "good evening, it's a nice evening" to the greatest heavyweight and greatest sports figure of his era.

Abe went thirteen rounds the last time and was still on his feet, although somewhat the worse for wear, when the referee said "enough" for him. This time the roof might fall in at any moment, with the general forecast for the curtain to drop some time in the first six acts.

There hasn't been enough betting on the fight to create a market. Louis is almost any price to win and 1-to-5 to hit the jack-pot before the fifteen rounds run out.

SIMON WINDS UP

SUMMIT, N.J., March 26 (AP).—Abe Simon stepped briskly through a final fifty-minute drill today in preparation for tomorrow's heavyweight championship bout against Joe Louis in New York. Skipping the usual one-minute rest interval between rounds, Simon flailed away at the heavy and light punching bags, shadow boxed and performed calisthenics.

Trainer Freddy Brown said that Abe weighed 248 pounds after the workout.

LOUIS FINISHES UP

PORT DIX, N.J., March 26 (AP).—Heavyweight Champion Joe Louis ended his training today for his title defence against Abe Simon by going through a few light exercises. His morning roadwork was limited to six miles at a brisk walk. Joe weighed just over 207 pounds after the workout, and his co-managers, John Roxborough and Julian Black, pronounced him as "fit as he ever was in his life."

TALE OF TAPE

Tale of the tape on the championship fight follows:

[illegible]

Bomber's Next Victim

ABE SIMON

THE big heavyweight who hails from Cleveland and who will make an effort to take the heavyweight boxing crown from Joe Louis tonight in Madison Square Garden in a scheduled fifteen-round fight. Simon fought Private Joe once before and managed to last thirteen rounds before the referee stepped in and called it an evening as the Bomber had cut him to pieces, but Abe didn't have the brains to hit the canvas and stay there. The dark menace from Detroit is such a strong favorite to end this evening's argument any time after the first sound of the gong that there is little betting on the outcome. Louis is turning over his entire purse to the Army Relief Fund, which means that he is defending his title for nothing.

Bruins and Wings Gain Semi-Finals Of Hockey Series

Boston Noses Out Chicago Black Hawks, 3-2, to Move Into Next Round of Stanley Cup Series—12,000 Fans on Hand—Detroit Trims Canadiens in Other Match, 6-2

BOSTON, March 26 (CP).—Boston Bruins advanced into the Stanley Cup semi-finals by defeating Chicago Black Hawks, 3-2, here tonight in the deciding game of their best-of-three series. Boston won the first game in Chicago last Sunday, 2-1, in overtime, Chicago taking the second encounter, 4-0, here Tuesday night.

A sensational exhibition of goal-tending by Frank (Zero) Brimsek enabled the Bruins to win tonight before a crowd of 12,000 at the Boston Garden.

By employing their effective fore-checking tactics, the Black Hawks kept terrific pressure on Brimsek from start to finish, but he managed to kick out all but two of the thirty-two shots made on him during the sixty minutes.

Meanwhile the Bruins managed to break out of their own zone only often enough to challenge Sam Lo Presti seventeen times, but that goalie missed a pair of shots aimed by Gordie Bruce and a five-footer that was backhanded home by Jack McGill.

The latter's tally was the clincher, and Jack made it during the ninth minute of second-period play when he stole the puck from Bill Thoms, wheeled and slapped it past Lo Presti.

Late in the opener, Bruce converted a five-foot pass from Jack Shewchuk for the Bruins' first tally, and that rookie centre turned on the red light again by combining with Dutch Hiller and Captain Jack Crawford after forty-eight seconds of second-period action.

Max Bentley got the first Hawk goal with Mush March and Joe Cooper assisting. The second Chicago goal was scored by Bill Mosienko.

The Boston-Detroit series, a best-of-three games affair, opens here Sunday night.

Line-Ups

Boston — Brimsek, Crawford, Shewchuk, McGill, Hiller, Bruce. Subs: Cowley, Cotnacher, Wiseman, Hollett, Smith, Martin, A. Jackson, H. Jackson, Cain.

Chicago — Lo Presti, Cooper, Thoms, M. Bentley, March, D. Bentley. Subs: Mosienko, Hamill, Allen, Seibert, Wiebe, Mariucci, R. Carse, W. Carse, Kaleta.

Referee: Frank (King) Clancy. Linesmen: Archie Wilcox and Alfred Joliat.

Summary

First period—1, Boston, Bruce (Shewchuk, McGill), 16.01. Penalties: Bruce, Shewchuk, March.

Second period—2, Boston, Bruce (Hiller, Crawford), .48; 3, Chicago, M. Bentley (March, Cooper), 7.00; 4, Boston, McGill, 8.1?; 5, Chicago, Mosienko (R. Carse, Cooper), 15.25. Penalties: Shewchuk (major).

Third period—No scoring. No penalties.

CANADIENS GO UNDER

DETROIT, March 26 (CP).—Detroit Red Wings moved into the Stanley Cup semi-final tonight by routing Montreal Canadiens, 6-2, in the deciding game of their best-of-three series before 10,005 fans.

Detroit, cup finalists last year, will meet Boston Bruins, defending champions, in a best-of-three series to determine the opponent for the winner of the Toronto Maple Leafs-New York Rangers series.

Four final period goals, two by Carl Liscombe and one each by Joe Carveth and Moore, Mud Bruneteau, turned into a rout what until then, was anybody's game.

Rookie Jimmy Haggarty of Canadiens got the first goal of the game in the second period. Bruneteau replied for Detroit, although officials first had ruled Syd Howe had scored.

Abel sent the Red Wings ahead to stay twenty-three seconds before the second period closed.

Heffernan got the other Montreal goal the last of the game.

Line-Ups

Canadiens — Bibeault, Bouchard, Goupille, Sands, Getliffe, Quilty. Subs: Portland, Reardon, Benoit, Blake, Haggarty, Heron, O'Connor, Heffernan.

Detroit—Mowers, Orlando, Stewart, Howe, Bruneteau, Liscombe. Subs: Motter, McReavy, Bush, Grosso, Wares, Abel, J. Brown, A. Brown, Carveth.

Referee: Bill Chadwick, New York. Linesmen: Donnie MacFadyen, Chicago; Frank O'Brien, Toronto.

Summary

First Period—No scoring. Penalties: Stewart, Reardon, Abel.

Second Period—1, Canadiens, Haggarty (Sands, Heffernan), 1.26; 2, Detroit, Bruneteau, 4.21; 3, Detroit, Abel, 19.37. Penalty: K. Reardon.

Third Period—4, Detroit, Carveth (Liscombe), 7.30; 5, Detroit, Bruneteau (Motter, Liscombe), 11.40; 6, Detroit, Liscombe (Bush, Howe), 13.02; 7, Detroit, Liscombe, 19.23; 8, Canadiens, Heffernan (Bouchard, Quilty), 16.40. Penalties: Bush (major and minor), Benoit (major), Haggarty.

Hogan Captures Open Golf Event With Fine Score

PINEHURST, N.C., March 26 (AP).—Ben Hogan, of Hershey, Pa., won the fortieth annual North and South open golf championship today with a record-shattering 271 to take down $1,000 top money in the $5,000 tournament.

Hogan fired four successive rounds of 67-68-67-69 over the par 72 course to break by six strokes the 277 tournament record.

Sammy Snead, defending champion, came in second, with 276, scoring a closing 68.

Byron Nelson, the former United States open and P.G.A. king, finished with 73 to tie Lloyd Mangrum, of Chicago, at 281 for third money.

Lester Kennedy, the young unknown from Lynn, Mass., who led the field opening day, was deadlocked with the open champion, Craig Wood, at 283.

Final Statistics for the National League Loop

Hextall Officially Declared Scoring Champion of Hockey Circuit for Year—Pat Egan Is "Bad Man" of League—Other Figures Given

MONTREAL, March 26 (CP).—The National Hockey League made it official today and Bryan Hextall of New York Rangers, is the league's scoring champion for the 1941-42 season, with his teammate, Lynn Patrick, right behind.

Hextall piled up fifty-six scoring points during the regular season, on twenty-four goals and thirty-two assists, playing in every game. Patrick, who missed one game, had thirty-two goals and twenty-two assists for fifty-four points, while Detroit's Don Grosso was third with fifty-three points.

Phil Watson, of Rangers, ended the season with fifty-two points, and Syd Abel, of Detroit, had forty-nine, to give those two clubs a three-two split on the first five places. Canadiens' Toe Blake and Chicago's Bill Thoms split sixth place with forty-five points each, three more than Gordie Drillon and Syl Apps, of Toronto, and Tommy Anderson, of Americans.

Closeness of this season's race was in direct contrast to last year when Bill Cowley, of Boston, breezed through to the scoring title with sixty-two points and an eighteen-point lead over his nearest rivals. Hextall, Drillon, Apps and Patrick tied with Syd Howe, of Detroit, for second place last year.

This year, Cowley, who missed twenty games through injury, was well down the list with twenty-seven points.

Patrick scored the greatest number of goals with thirty-two, only player in the league to crack the thirty mark. Watson led in the assists department with thirty-seven.

Pat Egan, of Americans, became the league's official bad man with 104 minutes spent in the penalty box in majors and minors, in addition to two ten-minute misconducts. Ken Stewart, of Detroit, had ninety-three minutes, while Canadiens' Ken Reardon had eighty-three minutes plus a ten-minute misconduct.

Detroit's Jimmy Orlando piled up the greatest number of match misconducts with three, to add to his eighty-one minutes in majors and minors.

The leaders.

GRID FINAL SET APRIL 4

Victoria Winners to Journey To Vancouver for Match Next Month

Canadian football will take another step toward its goal of being recognized as an established sport in Victoria, when the winners of the local Inter-Scholastic League clash with Vancouver for the British Columbia gridiron championship at the Varsity Stadium on the Mainland on April 4.

As the situation now stands, neither league has named a champion, but both have their deciding games slated for this week-end. St Louis College will argue it out with Victoria High students in the local final, and the leading Kitsilano squad battles it out with Britannia High at Vancouver. Regardless of which clubs reach the final, it should be an interesting match from start to finish. Mainland high schools are solidly behind the fixture, and will be out in full force to support their favorites.

This is the advice coming from Ted Scroggs, who has handled all the local league's arrangements from Vancouver, and is chiefly responsible for making plans for such a match. He warns that the Mainlanders play heads-up ball, which means that the local winners will be in for a hard battle all the way.

DRAW GIVEN FOR BOWLING

Women Tenpin Experts Are To Compete for Singles And Doubles Titles

Women tenpin bowlers will be gunning for the city singles and doubles championships tomorrow evening at Olbson's Bowladrome. The women have been allotted eight alleys for the night and play will start at 8 o'clock with the doubles occupying the spotlight. Last week the ladies held the team match event and the Rangers won the honors against several rival line-ups.

Medals for the winners for the two events on Saturday night have been donated by Olbson's Olympic Bowladrome, and therefore competition is expected to be extremely keen throughout.

Draw and times follow:

Doubles, 8 o'clock: Alley 1, M Lewington and M Craigdallie, B Ray and B Elves; Alley 2, E Irvine and D Hume, M Dobbie and T Kersey; Alley 3, F Calder and H Ferguson, R Mercer; Alley 4, C Lewis and E Myers, I Goodman and A Fournier; Alley 7, P Malcolm and N Williams, V Elwood and J Taylor; Alley 8, M Cuell and M Weinberg, G Haikala and J Bourne; Alley 9, J Barrie and B Williams, M Boulter and E Profit; Alley 10, M Caldrone and N Burns, M Crowe and D McBeth.

VICTORIANS ON LACROSSE BODY

W.C. Moresby, K.C., and Sid Thomas Appointed to Provincial Executive

VANCOUVER, March 26.—Two Victoria men, W. C. Moresby, K.C., and Sid Thomas, president of the Greater Victoria Box Lacrosse Association, were named on the executive of the provincial body at the annual meeting held last night at the Elks Club.

Attended by fifteen delegates, the parley lasted five hours and was finally adjourned without being completed. A further session will be held at the call of the chair when amendments to the constitution, business not finished Wednesday, will be dealt with.

Annual reports submitted by the retiring officers spoke of the stress under which the sport was conducted during the 1940-41 season due chiefly to war conditions. But even with such handicaps the game made some progress in the province.

Bill Wilson, former secretary of the B.C.L.A., was elevated to the presidency, succeeding Archie Holland, former prexy, who asked to be relieved because of pressure of business. Three vice-presidents were named as follows: Vern Insley, New Westminster; Lyall Barr, Vancouver, and Sid Thomas, Victoria.

H. N. Delmonico, registrar, and E. E. Sinden, treasurer, were re-elected for another term. Executive members were named as follows: N. C. Stibbs, Nelson; C. Smith, Surrey, and W. G. Easterbrook, Richmond.

Hon. W. A. MacDonald was re-elected honorary president and Jim McConachie, Vancouver, and W. C. Moresby, K.C., Victoria, were named honorary vice-presidents.

AMBULANCE TAG DAY IS PLANNED

Citizens Will Contribute to Own Protection, Women's Corps Convener Says

Victoria's citizens will be asked to contribute towards their own protection on Saturday April 4 when the Women's Ambulance Corps stages a tag day in aid of the A.R.P. ambulance fund.

The objective of the corps' tag day is the price of one ambulance $1,500 and if possible, to secure enough for two.

Mrs W Cameron Murray, convener for the tag day, and second in command of the ambulance corps said yesterday "We are appealing to citizens to give for their own benefit. Every cent of the money will go to purchasing ambulances to protect Victorians in event of an air raid."

Headquarters for the tag day will be at 1322 Douglas Street

STRESSES NEED

Reiterating his appeal for ambulance funds Inspector Arthur H Bishop civilian protection officer said that the chassis of the ambulances are to be purchased here and the bodies built here, with the money going to local concerns.

Stressing the need for the ambulances Inspector Bishop refuted claims made by private individuals recently that the new equipment was not necessary.

Medical authorities are firmly of the opinion that many critical injuries will result in death unless properly equipped ambulances are available he asserted "These ambulances are to be used for the seriously injured only."

MOTOR OFFICE TO STAY OPEN

Motorists May Apply on Saturday Afternoon for Gasoline Ration Books

With gasoline ration books obligatory for motorists on April 1 the Provincial Police in charge of their distribution, announced yesterday that the motor record office in this area would remain open all day Saturday until 5 p.m. for the convenience of the public.

Motorists were cautioned to bring their dashboard licences, one dollar for the ration book, and also the record of their past mileage, which must be shown on the application form as taken from the speedometer. All three are essential.

Issuing staffs will work the normal half day between 8 a.m. and noon, and will continue on from noon until 5 at night to attend to motorists who have the afternoon free. On Wednesday April 1 the ration plan will go into full effect.

Victoria Boy in Fleet Air Arm

Word has been received from England that a former Victoria boy Peter Saxton White has won his wings and a commission in the R.A.F. and is now in the naval air arm.

He lived here with his aunt and uncle Mr and Mrs F Saxton White for seven years until 1938 when he went back to England, where he served in the designing and drafting department of the De Havilland and Spitfire aircraft plants.

Although he had his civilian flying certificate he was unable until recently to get into the air force as he was registered as indispensable in production. His sister is in the Women's Royal Naval Service.

He is the son of the late Lieut-Comdr Geoffrey Saxton White V.C. R.N. who was killed in the submarine E14 in 1917.

SPECIAL MEETING

There will be a special meeting of the central executive of the Saanich Liberal Association at the Douglas Street headquarters tonight at 8 o'clock. Plans will be made for the coming plebiscite.

Nephew of City Woman Hero of Train Disaster

A British doctor nephew of a Victoria woman, Miss Nellie Gollings 3418 Maplewood Avenue, was the hero of a troop train crash near Beighton, England, recently, according to word received here.

He is Dr. [illegible] (Strathspey) Robin Lane, Beighton, England. He was first on the scene of the smash and according to witnesses, worked single-handed for two and a half hours extricating victims from the wreck and tending the injured and the dead.

The doctor himself lifted thirty-three men on to stretchers and covered up nine dead in the station waiting-room before any help arrived.

A soldier witness reported to a local newspaper, "He worked in the debris and among the wreckage until the sweat was running down his face in black streaks. When the job was over he just disappeared."

The event was widely publicized and Dr de Dombal received letters and messages from many parts of the country, including a citation from the head of the British Medical Association as a worthy member of the School of Medicine.

MUST SALVAGE SCRAP RUBBER

Government Anxious to Collect as Much Material as Possible From Citizens

Go ahead and collect all the rubber you can possibly put your hands on, that means tires, tubes, shoes and any other articles containing rubber, is the advice which the Salvage Corps of British Columbia has received from the salvage division, Department of National War Services, Ottawa.

The Salvage Corps is arranging to collect scrap rubber from logging camps and as it is charged with the duty of securing old rubber from the whole of Vancouver Island it bespeaks a generous response to the appeal from all citizens, A H Pease honorary manager said yesterday.

VITAL COMMODITY

"Rubber is most essential to our national war effort. Almost every major war project would stop if all the rubber necessary to it were suddenly withdrawn and the effect of the Pacific war is perilously close to that. Luckily for us there is a way to mitigate somewhat the loss of rubber import. That way is salvage of all rubber articles possible, and the extraction of the secondary latex therefrom," the Department of National War Services states in a news letter which has reached Salvage Corps headquarters here.

To intensify the effectiveness of its work the Salvage Corps has established a junior salvage branch in which the pupils of eleven of Victoria's principal schools are active.

Twenty-four identification buttons will be distributed in each school to the leading boy collectors. Each school is responsible for distributing to householders 500 letters describing the material for which the Salvage Corps can find a ready market.

ADD ANOTHER TRUCK

Boys of the junior salvage branch are provided with sacks for making collections and each school has been provided with a sample bundle of newspaper, tied in the proper way. The schools will establish receiving points for goods and the Salvage Corps is adding another truck to its equipment to take care of collections made by the junior salvage workers.

Metals, rubber, [illegible], paper except for wax paper and cellophane, bottles and phonograph records are readily saleable as scrap. Further particulars of material required are given in the letters which the school children are now distributing to residents of their districts.

Easter Vacation For Students to Begin April 3

An Easter vacation of ten days will begin on Good Friday April 3 for students attending elementary and high schools in the Greater Victoria area. They will return to their studies on April 13.

Students at Victoria College will enjoy only an abbreviated holiday, a pause in their studies before sitting for examinations on April 18. They will have four days off from Good Friday until the following Tuesday. Term lectures will end on April 18.

While the suggestion has been advanced that city schools conclude their term earlier this year, possibly in May, to permit older students to contribute to the war effort by doing seasonal work, no announcement has been made as yet.

VICTORIA SOLDIERS TO BROADCAST FROM OVERSEAS ON SUNDAY

Two Victoria men, Driver A O J Jenner and C.Q.M.S. W E Vassie will be heard on the "Greetings From the Beaver Club" programme on Sunday. The broadcast from overseas will be carried by the Canadian Broadcasting Corporation from 8.30 to 10 a.m. P.D.T.

The announcement that [illegible] units will be equipped with an adequate supply of automatic weapons was made by military authorities Wednesday.

NEW UPLANDS HOME DAMAGED BY FIRE

Oak Bay firemen required an hour and forty minutes to bring under control a fire which broke out at the new home of Dr and Mrs E W Hetherington 3550 Beach Drive, at 2.20 o'clock Thursday morning.

The fire, through Dr Hetherington's presence of mind in closing doors, was confined to three rooms, but damage was considerable. Chief E G Clayards said that the blaze broke out in the den and was caused by [illegible].

The sound of an explosion roused Mr. Hetherington and he notified the Oak Bay firemen who sent a pumper to the scene under Lieut. A Kinnersley. Members of the department who were off shift were [illegible] to help fight the blaze, which was not extinguished until 4 a.m. Both building and furniture were covered by insurance.

Is Heavily Fined On Grave Charge

[illegible] yesterday Magistrate H C Hall fined a motorist convicted of driving in a manner dangerous to the public $50 and ordered his driver's licence suspended for three months.

Five persons who had failed to pay road and poll taxes were assessed $5 for the poll and $2 for the road tax apiece and in addition fined $1 on each charge. Eight drivers who pleaded guilty to exceeding the [illegible] speed limit were fined $10 apiece.

A motorist who drove without first obtaining licence plates was fined $1[illegible], one who had no driver's licence paid $5 and another who failed to stop at a stop sign was fined $[illegible].

Custodian Opens City Hall Office for Transfer of Japanese Property

Registration of Japanese property in Victoria will begin today at 9 a.m. in the City Hall where an office is being opened for that purpose. The office will remain open daily from 9 a.m. to 5 p.m. until registration is complete.

Mrs J P MacArthur, special deputy of Mr MacPherson who has been working out the plans here this week in a statement to the press yesterday said "An office is being opened in the City Hall under the direction of Mr Glen W MacPherson Vancouver official custodian of enemy property. The objective is to provide an opportunity to persons of the Japanese race to place their property under the administration of the custodian for the duration of the war.

"It is expected that a few days will suffice to complete the registration which will commence on the morning of Friday March 27 and will continue from 9 to 5 daily until complete."

Emergency Posts And Points Are Fully Equipped

The [illegible] Branch of the Canadian Red Cross has now [illegible] equipped all officially designated first aid posts and points in the Greater Victoria area with necessary medical supplies for first aid work.

The posts are [illegible] dressing stations under the supervision of a doctor, trained nurses and auxiliary workers provided by St John Ambulance and Red Cross. The points are smaller units adjacent to the posts and are staffed by St John Ambulance.

At both posts and points Red Cross personnel have been assigned the work of registering all casualties while first aid and medical attention will be given by St John Ambulance. In addition to equipping posts and points the Red Cross has made arrangements for setting up emergency rest centres where those bombed or burned out of their homes will receive immediate shelter and sustenance. The Red Cross has also laid down emergency hospital supplies at certain depots within the area for use should the occasion arise and a complete mobile surgical unit is held in readiness to go at once where needed.

The emergency surgical equipment at posts and points has been chosen by medical authorities and covers a range including bandages and absorbent dressings, antiseptics, splints and all other articles considered necessary for an emergency station.

All posts and points have been clearly marked and citizens of Greater Victoria are asked to acquaint themselves with the post or point nearest to their homes.

City & District

City Temperatures—Maximum and minimum temperatures recorded yesterday at the Dominion Meteorological Observatory on Gonzales Hill were 51 and 35 degrees, respectively. The maximum temperature observed on the grounds of the Strathcona Hotel was 53 degrees and the minimum 33 degrees.

Building Permit—[illegible] Canada Ltd., secured a $1,500 city building permit yesterday to construct a machine and pattern shop at 1850 Blanshard Street. Luney Brothers Ltd are the contractors. C. Elwood Watkins is the architect.

Endorse Stand — The Saanich Council has endorsed a plea of T D Pattullo, M.P.P., that potential oilfields in the Peace River district be controlled and developed under public ownership, according to a letter received at the City Hall yesterday.

Dangerous Driving—Convicted on a charge of driving in a manner dangerous to the public along Johnson Street on March 21, a motorist was fined $20 yesterday in the city police court. Evidence of an accident at Johnson and Broad Streets was given by Constable William Elliott.

Attend Stubborn Blaze—City firemen worked for over an hour last night before bringing under control a fire which started inside a wall at The Poplars rooming house 603 Belleville Street shortly after 10 o'clock. The blaze ate its way through part of the wall upstairs, the [illegible] forcing roomers temporarily to move to the ground floor.

Parking Cases—For failing to park his automobile within twelve inches of a curb along Broad Street on March 2 a motorist was fined $2.50 yesterday in the city police court. The defendant claimed his front wheels were jammed against the curb but admitted he had not looked at the position of the rear wheels. Three others were each fined $2.50 for parking infractions.

Relief Figures — Figures compiled by E G Snowden, city welfare officer showed that 289 single persons were in receipt of relief allowances last month, compared with 359 in February 1941. Eighty-nine family units were assisted, compared with 163 in February 1941. Single persons received $9,160.26 and family units $6,658.64 [illegible] month.

Club Victimized—A burglar who gained entry to the Eagles Home at 751 View Street by climbing a rear fire escape and forcing a window early yesterday morning smashed open and looted four slot machines. The thief also stole $40 in silver and $100 in bills from two tills and a quantity of cigarettes. An investigation is being conducted by Detectives P W Richards and David Donaldson and Sergeant John Blackstock.

Zoning Appeals—A Hodgson was granted permission to repair and alter premises at 429 Quebec Street during a meeting of the zoning board of appeal at the City Hall yesterday. An appeal of O Guelpa for permission to convert 2540 Fernwood Road into a two-family dwelling was tabled until the next meeting. An appeal of F Streeton for permission to erect a garage at 2642 Shelbourne Street was also tabled by the board.

Is Remanded—Boris W Fleer nineteen was remanded until this morning for judgment in the city police court on a charge of attempting to steal an automobile from Alexander Daley on March 16 at the conclusion of his trial before Magistrate Henry C Hall yesterday. Fleer, represented by J Howard Harman claimed that an unidentified soldier with whom he had been drinking asked him to help move the car which he represented as his property. Constable Joseph Kelly testified he found the accused coasting along Johnson Street in the stolen machine.

Examine Squamish Dikes — Premier John Hart, three members of the Cabinet and leading provincial engineers were on the Mainland yesterday in a special visit to the diking systems around Squamish. Hon R W Bruhn, Hon Herbert Anscomb and Hon A W Gray were in the party, as were Arthur Dixon, chief engineer and A L Carruthers, chief highway engineer. No official statement was made as to the purpose of the visit. Acting-Premier R L Maitland, K.C., Hon K C MacDonald and Hon H G Perry remained here, while Hon G S Pearson was on Salt Spring Island for the day.

SALE OF LIQUOR BRINGS BIG FINE

Frank Pasacreta Ordered to Pay $500 or in Default Serve Six Months in Oakalla

Convicted on a charge of unlawfully selling rye whisky to a boy aged seventeen years on March 14 Frank Pasacreta was fined $500 or in default six months in Oakalla prison at hard labor at the conclusion of his trial in the city police court yesterday.

In imposing sentence Magistrate Henry C Hall commented "You are guilty of selling liquor in a commercial manner and also to a boy aged seventeen years. It is a vicious, dangerous and improper practice to encourage boys to drink."

The boy involved in the case and a companion, aged sixteen years, identified Pasacreta and told of paying him $4.50 for a twenty-five-ounce bottle of rye whisky. Sergeant Harry Mercer testified he found the boys and two others in the act of drinking on a parking lot along Broad Street.

MILLION HELD IN TAX REFUND

Signing of Taxation Agreement at Ottawa Will Release Disbursement

While nothing has occurred to change the decision of the Provincial Government to hand back the 1 per cent levy collected during the first six months of last year, the actual disbursement will not be made for a while yet, until the Province is advised that its main taxation agreement with Ottawa has been signed and entered. Then as a process of law, the refunds will be issued.

Sums totaling approximately $1,000,000, small in individual amounts to provincial taxpayers, but large in bulk, remain to be remitted, being actual collections under the 1 per cent levy of the provincial income tax between January and June inclusive, last year. Under the new agreement with Ottawa, provincial collection of income taxes ceases for the duration of the war.

Applications for the refunds have been lower this year than in the past, it was learned yesterday at the Legislative Buildings. Special forms for the application may be secured from the Provincial Collector and give each taxpayer the choice of taking cash or savings certificates for his refund.

It is unofficially understood that the main Dominion-Provincial agreement was signed at Ottawa this week and is now on its way back to the Province.

ARE ORGANIZING FIRST AID POINT

Ladies of Royal Oak A.R.P. Committee Require Small Articles To Equip Station

Through a series of silver coffee parties, card parties and musical evenings, the sum of $22 has been subscribed toward the purchase of medical necessities for the first-aid point of the Royal Oak A.R.P.

Many residents have been attending the St John Ambulance first-aid classes in the W.I. Hall at Royal Oak and the following wives of local wardens have been appointed a committee to organize the first-aid point: Mrs C W Pettit chairman, Mrs Smallshaw treasurer, Mrs A P Hobbs secretary, Mrs Ryan in charge of equipment, Mrs Martin (honorary) nurse in charge of the point.

As soon as material is purchased ladies will be asked to join small groups to sew, make splints and dressings, but until further notice articles given or lent to the first-aid point may be left at Mrs Ryan's home, The Nest, Royal Oak.

All articles loaned should be marked with the lender's name. Mrs Hobbs, Colquitz 59F, gratefully acknowledges offers of loan equipment, and will furnish lists of small articles still needed to anyone wishing to have a part in this essential A.R.P. service.

When the requisite articles have been collected they will be taken to the basement of Miss Goodhew's house, Royal Oak, and the point put in readiness for any emergency.

ASSESSMENT CUT ON GOLF COURSE

In a Supreme Court decision handed down yesterday afternoon by Mr Justice H B Robertson, the assessment on Hudson's Bay Company property leased by Uplands Golf Club in Oak Bay was cut from $82,110 to $50,000. W H M Haldane appeared for the company during the appeal and Herbert W Davey represented Oak Bay.

Mr Justice Robertson stated in his written decision "After very careful and anxious consideration I have come to the conclusion that if a prudent investor were to consider purchasing the property he might give $50,000 for it.

"If all the lots are sold in twenty years at the rate of eighteen in each year and other contingencies do not arise the purchaser in such case should do very well. But if all the lots do not sell at the rate of eighteen per year or if there is a depression or depressions as there may be, or any of the other contingencies I have mentioned arise he might come out the loser.

"The appeal is allowed and the assessment of lot A is fixed at $50,000. The appellant is entitled to its costs which I fix at $50 and disbursements to be paid by the municipality to the Hudson's Bay Company."

2 DEATHS

ROWE—On March 24, 1942, at the residence, 3838 Douglas Street, Peter Rowe, in his eighty-first year, born in Cornwall, England, and had been living in this city the thirty-one years. Survived by one daughter, Mrs. H. L. Pallister, and one son, L. Rie Rowe, in Victoria. Funeral from Hayward's B.C. Funeral Chapel on Saturday at 2 p.m., Rev. Canon N. E. Smith officiating. Interment in family plot in Ross Bay Cemetery. (Vancouver papers please copy.)

RICHARDSON—Word has been received by Dr. P. H. Richardson that his father, Dr. Alan Richardson, died in Shanghai sometime in February. The late Dr. Richardson was born in Maidstone, Kent, England, in 1862. He first came to Victoria in 1911 and made frequent visits ... that time. He is survived by two daughters, Mrs. Joyce Har..., still in Shanghai; Mrs. Hugh C... of ..., now in Laguna Beach, Calif.; two sons, Dr. A. Harvey Richardson, Boston, England, and Dr. E. N. Richardson, Victoria.

FAIRWEATHER—At Vancouver General Hospital on March 27, 1942, James Fairweather, formerly of Victoria, aged sixty-five years, born in Scotland and a resident of Vancouver for twenty years. He was a member of Camosun Lodge No. 60, A.F. & A.M., G.R.B.C. He leaves his wife, two daughters, Mrs. Thomas Price, in Victoria, and Miss Flora C. Fairweather, in Quesnel; also a sister in Scotland.

Funeral from Hayward's B.C. Funeral Chapel this afternoon at 3 o'clock, under the auspices of Camosun Lodge No. 60, A.F. & A.M. Interment in Royal Oak Burial Park.

HIBBERT—There passed away at Royal Jubilee Hospital on Wednesday, March 25, 1942, Mrs. Elizabeth Hibbert, aged sixty-nine years. The late Mrs. Hibbert was born in Stockport, England, and had been a resident of this city for the past forty years, her late residence being 1403 Beatty Street. She leaves to mourn her passing one son, William, petty officer on H.M.S. Restigouche; four brothers, William, John, Edward and Arthur, and a sister, Miss Nellie Mill..., all of Stockport, England.

The remains are resting in the chapel of the Sands Mortuary Ltd., from where funeral services will be held on Friday, March 27, 1942, at 3:30 o'clock, Rev. James Hood will officiate and interment will be in the family plot in Ross Bay Cemetery.

NEALE—There passed away suddenly at 3036 Penzance Road on Thursday, March 26, Richard Neale, aged eighty-five years. The late Mr. Neale was born in Devon, England, and had been a resident of this city for the last thirty-two years. He leaves to mourn his loss two daughters, Mrs. E. J. Gage, 3036 Penzance Road, with whom he resided, and Mrs. R. Crossman, in Toronto, Ont.; one son, George, in England; also one grandchild and one great-grandchild.

The remains are resting at McCall Bros. Funeral Chapel, where funeral services will be conducted on Saturday afternoon at 3 o'clock. Rev. J. Hewitt will officiate. Interment will take place in the family plot in Ross Bay Cemetery.

4 IN MEMORIAM

BROOKER—In loving memory of my dear sister, Mrs. E. A. Brooker, who died Easter Sunday, March 27, 1932.

Deep in the heart lies a picture
Of a loved one laid to rest;
In memory's frame we shall keep it
Because she was one of the best.

—Inserted by her sister, Nell.

EXTRA SPECIALS

1940 FORD SEDAN — If you want to waste time you may search the country and not find such a snap as this. It could be improved by a little Aztlo [illegible] you can, well afford to do this and still have a wonderfully cheap car. If you appreciate value and need a light car you will grab this one or someone will beat you to it. The tires are good.

$665

1939 NASH SEDAN. Spacious inside and out. We have done everything we found necessary to make it smooth, quiet and economical. It looks and runs like new. The equipment is de luxe and includes air conditioning. The tires are first class and old reasonable care should give twenty-five thousand or more miles. You can safely buy this good car with the idea of keeping it a long time with entire satisfaction. A run will impress you that here indeed is very unusual value. See it today.

WHY DO WE SAY "TO PAY ON THE NAIL?"

It is to pay cash on the spot, but where does "nail" come into the picture?

The answer is still a philological puzzle, no theory being convincing.

The probability is that the allusion is not so much a matter of etymology as of an old custom.

In English exchanges long ago, at stated periods statements of transactions between members, showing amounts due one to another, would be hung on a nail.

If settlement was made as the account went on the nail—cash paid instanter—the debt would be said to be paid on the nail.

We believe this is how it started.

Market Dull in New York With Lack of Buyers

NEW YORK, March 26 (AP) — Lack of bid, rather than selling pressure, operated against today's stock market.

Potential buyers found nothing particularly stimulating in the news of war or business and most apparently decided to trim commitments a trifle or stand aside.

Moderate irregularity ruled at the start, but renewed weakness of a handful of blue chips soon turned prices generally lower. Final losses mostly were in small fractions although a few casualties of four to twelve points were noted. Motors revived moderately at the last and small plus signs were retained here and there.

The Associated Press average of sixty stocks was off .2 of a point at 34.7. Transfers amounted to 301,360 shares compared with 316,34[illegible] the day before.

Norfolk & Western dropped 4 1-2 to 143 1-2 and on the year was down 49 points. West Penn Electric A, on a few transactions in odd lots, fell 12 points to 40 and for 1942 was off 45 points. These two were at new year lows or [illegible] along with American Telephone, Chesapeake & Ohio, Parke Davis, Woolworth and Westinghouse. Variations generally were unchanged [illegible] steels, coppers and utilities were exceptionally narrow.

Union Pacific was up 1 8 on a good two-month earnings statement. Parke Davis receded on the reduction of the dividend from 40 cents customarily paid quarterly to 30 cents.

Modest gains included General Motors, Chrysler, Santa Fe, N.Y. Central, International Harvester, Standard Oil of New Jersey, Goodrich, International Nickel and Owens-Illinois.

ESQUIMALT XI TAKES TROPHY

Defeats Mount View in Colonist Cup Final—Plays Courtenay Tomorrow

Vancouver Island high schools' soccer championship will be played for here tomorrow with Esquimalt playing hosts to visiting Courtenay footballers. The game is slated for 2.30 o'clock with Dave McMillan as referee.

Esquimalt gained the right to represent Victoria yesterday when they defeated Mount View 3-1 in The Colonist Cup final played at Royal Athletic Park. The young footballers set up a 3-0 lead and then staved off a belated rally by the students from Saanich.

The new champions — Esquimalt's triumph was their first since the inauguration of the series — was certainly popular with the spectators. They played smart football and displayed better ball control than the lads from the Saanich school.

In the opening half, Esquimalt had an edge in the play and marked up two of their three markers in this half. About midway through the last session the eventual winners made it 3-0 and then Mount View applied the pressure and saved a shutout when Crawford scored.

Esquimalt broke into the scoring when Kent-Fawkes registered following a corner kick by Ellis. The new champions kept up the pressure and ten minutes before the breather Ellis tallied with a beautiful drive from the left wing.

Mount View attacked at intervals but were unable to get past the well-balanced Esquimalt defence.

Esquimalt moved farther ahead about midway through the last half when Kent Fawkes headed the leather home following a perfect cross by Christensen.

Mount View fought back following Esquimalt's third goal and were finally rewarded when Mike Crawford registered from close range. The Saanich lads kept up the pressure but good work on the part of opposing backs and halfbacks prevented any additional scoring.

Charlie Lewis, president of the Victoria and District Football League, presented The Colonist Cup to Alfie Jenkins, captain of the Esquimalt High School team. The local prexy was introduced to the players and spectators by Sid Thomas of The Colonist sports staff. Dave McMillan refereed.

Line-ups follow:

Esquimalt High School — Harris, Mulraby, Bl. Louis, Jenkins, Raftery, Christensen, Takata, Young, Ellis, Pecknold and Kent-Fawkes.

Mount View High School—Ricketts, Lord, Holmes, Morley, Robertson, Atkinson, Crawford, Biggs, Payers, Sytotnick and Owitt.

COURTENAY COMING

Courtenay High School footballers, Up-Island champions, will be here tomorrow to oppose Esquimalt High School in the Vancouver Island final. Little is known of the visitors other than that they won the laurels in competition with five other high schools.

Clubs competing in the Upper Island series were Duncan, Ladysmith, Nanaimo, Port Alberni, Courtenay and Lantzville.

DRAFTING REGULATIONS FOR PULP AND PAPER

MONTREAL, March 26 (CP). — Wilbert H. Howard, co-ordinator of pulp and paper products for the Wartime Prices and Trade Board, announced today that two committees had been named to assist the board in drafting regulations for the industry.

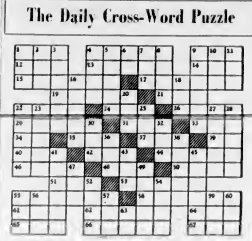

A four-man advisory committee, consisting of L. R. Watson, F. G. Robinson, Charles Vining and Paul Kahlig, all of Montreal, has been named, while the second committee will study possible economies and simplifications in the pulp and paper industry.

The second group includes R. Bell-Irving, Vancouver.

Electoral Officer Announces Plan for Taking Plebiscite

Regulations for Manpower Vote in Dominion to Follow Closely Those for General Election —Statement of Results Restricted

OTTAWA, March 26 (CP).—Regulations drafted for general elections to prevent any election returns being made public in any province until voting in that province has finished will be used in the manpower plebiscite vote April 27, Jules Castonguay, chief electoral officer, said yesterday.

Canada is divided into five zones—Pacific, Mountain, Central, Eastern and Atlantic—and the plebiscite polls close at 8 p.m. in each zone. Under the regulation governing publication of results, voting returns from Nova Scotia, for instance, cannot be published to British Columbia until 8 p.m., P.D.T., four hours after the Nova Scotia polls close.

Regulations for the plebiscite generally are adaptations from the Dominion Election Act, and they have been approved by Parliament.

RETURNS BANNED

One of them, the publication-time regulation, provides that no person, company or corporation "shall, in any province before the hour of closing of the polls in such province, publish the result of the polling in any electoral district in Canada, whether such publication is by radio broadcast, or by newspaper, news-sheet, poster, billboard, handbill or any other manner.

"Any person contravening the provisions of this paragraph (and in the case of a company or corporation any person responsible for the contravention thereof) is guilty of an illegal practice and of an offence against these regulations."

Mr. Castonguay said the results of voting by ordinary voters will be made known by polling divisions as in the case in general elections.

Reports from deputy returning officers at polling stations will be provided as rapidly as possible for returning officers.

OFFICIAL PUBLICATION

As is the case in a general election, the official returns will be published in The Canada Gazette by the chief plebiscite officer, giving the number of votes cast in each electoral district, together with a summary giving by provinces the total number of votes cast in the affirmative and in the negative.

The results of the active service vote, taken among members of the forces in Canada and other territories will be announced by Mr. Castonguay at Ottawa, the results being forwarded to him by special returning officers.

He will thus be in a position to announce the totals of "yes" and "no" ballots as complete for the United Kingdom, Newfoundland and Jamaica, as well as for the three divisions within Canada. Members of the forces in Canada will send their marked ballots to special returning officers at Edmonton, Ottawa and Halifax, who will report their totals to Mr. Castonguay.

VOTE OF SERVICES

Election officials made clear that it will not be possible to indicate how the individual services vote on the plebiscite.

The special returning officers have been instructed to collect the services' votes, received by mail, into bundles of 500. The groups of 500 will be counted and totals made up for each group.

The mailed votes will be collected in the bundles as they are received, and this may mean that one bundle will contain ballots completed by soldiers, sailors and airmen and mingled together.

Immediately after the counting of service votes has been completed, but not later than May 5, the special returning officers are required to cable or telegraph the total of affirmative and negative ballots to Mr. Castonguay.

WILL NOT ALLOW SUGAR HOARDING

Citizens Warned Against Breaches Of Rationing Regulations—Man Pleads Guilty

VANCOUVER, March 26 (CP).—In what C. S. Brazier, counsel for the Wartime Prices and Trade Board, said were the first cases in British Columbia, R. H. Tupper, counsel for Charles A. Crosby, today entered pleas of guilty to two charges of infractions of sugar rationing regulations in police court here before Magistrate O. R. McQueen.

Magistrate McQueen remanded the case for a week for sentence.

Mr. Brazier said that the case could be taken as a warning to citizens that the Government would not tolerate hoarding of sugar.

Mr. Crosby is charged with purchasing a greater amount of sugar for personal or household consumption than the amount permitted for two weeks ration for himself and each member of his household and that the purchases were made when he already had on hand two weeks ration for members of his household.

INDEPENDENT WINS LINCOLN BY-ELECTION

LONDON, March 26 (CP).—In a Lincolnshire by-election today the Government suffered its first defeat at the polls since Prime Minister Churchill took office.

By the narrow margin of 367 votes W. D. Kendall, Independent, defeated Air Chief Marshal Sir Arthur Longmore, retired, in the Grantham division by-election caused by the elevation of Sir Victor Warrender to the peerage.

Remember Without Wanting

By MARGARET GORMAN NICHOLS

(Copyright, 1942, by Margaret Gorman Nichols)

CHAPTER LIX

He took her hands and held them tightly and looked into her face.

"Judith, you look very lovely." His voice was less precise, less demanding.

"Thank you, Max. You are looking very well indeed."

"I'm late—as usual."

"It doesn't matter."

"You're very sweet. But let's not talk here."

The lounge was dim and cool and luxurious, too, with many mirrors. Few people were there. Judith and Max sat side by side, their shoulders touching.

A serious Max turned to her and his voice was very gentle. "You're not smiling. I appreciate that. I can well imagine it took a good bit to get out of it."

"Telephone calls chiefly." That wasn't exactly true. She had seen Stephen!

"You are not different except in the ways that made me love you."

"Love?"

He frowned. "I deserve your scorn. I couldn't write you. I had to see you. I talk much better than I write and I didn't want to be misunderstood by trying to put my thoughts on paper. It's a long story."

"I know that story, Max."

"But what you don't know is that I was a man in love with two women. . . . I am not turning back to you, Judith, because I have never really turned away from you. You were what I once told you you were . . . a meteor across my sky. Did we both know in the beginning that it would mean so much to us? Frankly, I didn't. . . . But at no time you and Fay were equal in my affections. I know it's difficult to understand that and believe it. I can't help whether you believe it or not. It's true. Your letter of resignation hurt me more than anything has ever hurt me. I can be hurt, Judith. This exterior is not as thick as I would have most people believe."

"Then why did you pretend it was?" She had never questioned him before.

"Because I didn't want to marry anybody." There were fine wrinkles around his eyes when he narrowed them. "I never felt it would be fair to ask a woman to share my roving life. I am not cut out for anything else, and even if I were, it's too late for me to try anything else. I'm too old." He smiled.

"Yes, Judith, I'm too old. In a very few years I shall be a middle-aged man. That, I am sure, has never occurred to you. You were sweet, young, lovely and intelligent. You were someone very special. I never intended for you to get the hold on me that you did get. Perhaps if I had lived less violently and you had lived more the gap in our ages would not have made me tear up the various letters I began to you. You underrate yourself, Judith. Your love for me flattered me immensely."

"Flattered you?"

He nodded. "I told you once that you made me romantic. You made me ridiculous, too, almost ridiculous enough to ask you to marry me. . . . I can't expect you to understand about Fay."

"Because I loved you, Max, could I blame her for loving you too?"

"You're very fair."

"You told me once that I was arrogant. I didn't believe you then. But I know now that I was both selfish and arrogant and wrong about so many things. I had to be hurt to understand and to appreciate the things and people I'd taken for granted. I had to be hurt to see that I didn't really want to be successful. My father told me that a lone successful person is the loneliest person in the world. . . . We were very romantic, Max, but we weren't very real. We were never commonplace but I've learned to value the little, common, ordinary things that keep people close. You kept from me the real knowledge of you. We never shared anything. You came and went like a man in a play, a man whose outside life you have to visualize."

"I loved you very dearly. You won't scorn me for saying it now, will you?"

"No. No, I believe you. I believe that you did. And you've answered a puzzle that has tormented me for a long time. 'Doubt everything and everyone, if you must, but never doubt my love.' You said that to me. You loved me but you were afraid."

He nodded. "Of being a middle-aged man married to a young girl. Afraid of being unfair to you. Life owes you so much I can't give you, Judith. It's ahead of you and finished for me. You're the—the too bright sun."

"I've been very unfair to you in my thoughts," Judith said.

"Naturally, I wanted you to be."

"Then why today? Why—now?"

Max said simply, "To answer your question. To explain myself. Because coming back it occurred to me that I owed you that and that if I didn't see you, all your life perhaps you would wonder. It would be as if you had stopped reading a mystery story in the middle." He shook his head. "I have not always been as fair."

Smiling, he took her hand and held it for a few moments before he spoke again. "You are not in love with me now. Your hand tells me. It's a lovely, sensitive hand, but it doesn't respond. Don't censor yourself for it, Judith. It's a perfectly natural state of affairs. We weren't mistakes. Nothing that gave us so much could have been a mistake."

"You haven't changed, Max."

"No. I knew the correct answer to us from the beginning. You had to find it—the hard way. You've been hurt, but you're wiser and nicer for it." He smiled again. "This is my last gesture where women are concerned. Fay and I are being married tonight." At her incredulous look he chuckled. "Yes! We are being married tonight at 7 in her living-room with all my antiquated uncles and aunts witnessing the ceremony with great relief and joy. They have always loved Fay. I love her, too, and I intend to be utterly faithful. We are leaving almost at once for Venezuela by plane. . . . So this is the end of the saga of Max Worthington, Judith. It will be a sort of twilight trail for Fay and me."

"I'm very glad for both of you."

"You were right. In the end it's the common, ordinary, little things that keep people close."

"You must have a great many things to do."

"My trunk is always ready for flight. And you?"

"I'm all right."

"I know you are. I didn't mean that. I meant rather that I want to inquire briefly about—about the young man who is to me no more than a boy in years."

CROWS NEST PIONEER DIES AT BLAIRMORE

BLAIRMORE, Alta., March 26 (CP).—Joseph Little, eighty-nine, well-known pioneer of the Crows Nest Pass coal fields, died today after a lengthy illness. He is said to have been the first settler to locate in the Crows Nest Pass area. He moved into the mountain area to prospect for coal and held at some time practically all the coal claims in the region west of Burmis. Most of these claims he sold to other interests.

What Today Means

ARIES

If March 27 is your birthday, the best hours for you on this date are from 10 a.m. until noon, from 2 to 4 p.m. and from 8 to 10 p.m. The danger periods are from 8 to 10 a.m., from 6 to 8 p.m. and from 10 p.m. until midnight.

Diversified interests probably will cause the average person to be pressed for time on March 27. Do not take the remarks made by others too literally on this date, for many persons are apt to talk rather in a haphazard fashion, with little consideration given to what they are saying. By repeating remarks many persons are unintentionally going to create a lot of trouble, so be careful as to how you indulge in this dangerous pastime. A lack of completed details in making arrangements, such as failing to be specific as to the time or place you are to meet someone, will be the primary cause of many uncalled-for complications on this day, so avoid being in too much of a hurry to plan intelligently. Married and engaged couples, and those whose matrimonial hopes are soaring high, should remember that "discontent is the want of self-reliance, it is infirmity of will," and that it behooves everyone to try to keep themselves in the proper state of mind.

If you are a woman and March 27 is your birthday, your sincerity may impress many people, and help you in the advancement of your social aspirations. A loving nature combined with a deep sense of loyalty, should make your home life your first consideration. Being strong-minded, you may resent advice or suggestions regarding the regulation of your personal affairs. You probably are cautious and given to deliberating before giving answers to important questions. As an actress, designer, artist, musician, teacher, lecturer, doctor, lawyer, milliner, public stenographer, or in some managerial capacity requiring sales ability, you ought to have many opportunities to prove your ability and to make money. Auspicious conditions appear to surround your matrimonial future.

The child born on March 27 must not be permitted to get into the habit of taking himself too seriously. Parents should endeavor to develop in this youngster a sense of fair play and justice. Versatility and ability should enable this youngster to make the pathway that leads to success easy to travel.

If you are a man and March 27 is your natal day, you never are apt to shirk responsibilities or fail to take firm stands whenever it is advisable to do so. Perseverance and consistently good work should enable you to attain the goal of your ambitions, especially if you engage in literary, theatrical, scientific, legal, medical, artistic, musical, educational or in a managerial activity.
